

WWELeaks: Creative Staff Member John Piermarini Tells Of Plans

John Piermarini, a former WWE writer, has started a blog telling of all kinds of things that have been planned recently. Everywhere on the forums I frequent (forums.wrestlezone.com. Best forums there are and if you don't believe me I'll give you your money back) I hear about this and a few things pop to my mind.

1. Yes let's just immediately believe everything this guy says. Take it with a grain of salt people.
2. Do you really think Vince doesn't know about this? Do you really think he might not change things up to keep fans confused? This could get interesting.
3. A lot of what he said was common sense if you really think about it.

Thoughts?
