

Worst Match Ever

Thoughts on this?

My pick: Uncensored 1996 main event: Doomsday Cage Match. This was the biggest mess you'll ever see in wrestling. There were three cages on top of a ring and the rules were mentioned like halfway into the match. The pins didn't matter, no one stayed in the ring, AND YOU COULDN'T SEE ANYTHING! Just a huge mess and worth looking at so you can say "wow, this really happened."
