

# EOTY 2011 – Angle of the Year

\*Insert eye rolling Kurt joke here.\* It's pretty much a layup, but I'll go with the Summer of Punk. This got people paying attention and people were wondering what was real and what wasn't, which is a very entertaining way to go with an angle. I loved this and it worked incredibly well. On top of that the matches were awesome, which is always a bonus.
