

# Smackdown – February 24, 2000 – One Of Foley's Best Promos Ever

## Smackdown

Date: February 24, 2000

Location: Nashville Arena, Nashville, Tennessee

Commentators: Michael Cole, Jerry Lawler

This was a request for reasons that I don't remember. It's the go home show for No Way Out where HHH faced Cactus in the Cell. The Radicals have been around for all of five minutes now and are quickly getting entrenched into the show. The main event here is what else, a tag match. Did you expect something different on Smackdown? Anyway let's get to it.

We open with a clip from Raw of Rock making fun of HHH's promos. There was a six man later that night where Cactus broke the window of their bus.

## Hardcore Title: Crash vs. Test

Test is champion. He immediately kicks Crash in the face to start and they head to the outside. They go into the crowd and Test puts a trashcan over Crash's head. Cole says this is what the Cell match is going to be like. Not really Cole, not really. Back to ringside and Test takes a fire extinguisher blast to the face.

Crash finds a kendo stick to whack Test as Hardcore Holly is out to watch. Crash uses the steps but jumps into a wicked chair shot. He avoids a powerbomb through two tables but walks into a big boot. Crash hits him low to escape the pumphandle and they go to the floor. Hardcore hits Test with a chair to allow Crash to win. I think he was swinging for Crash but he celebrates with him anyway.

**Rating:** C-. This wasn't exactly what I had in mind for an opening match. The Hardcore Title was used mainly for comic relief and to give the fans a breather from the important stuff later in the show, but here it's opening things up without anything happening beforehand. That's very different but it wasn't bad.

The DX Express (their bus) is here. HHH makes some midcard matches. Only HHH can go after Cactus.

Here's Big Show who wants to know why the people don't like him anymore. He doesn't think he's changed that much in the last two months. Being called a jabroni hurt his feelings. He never got a rematch with HHH after losing the title and he won the Rumble (kind of). Show has footage of the Rumble which show Rocky's feet hitting the mat. He shows it to us three times and doesn't get how this is right.

Cue Angle who says he's glad to have found someone else with integrity. He shakes Show's hand and tells us a story about integrity. Before he can get into it though, here's Jericho. Jericho is IC Champion and has Chyna with him. He rips on both of them and says Angle makes even Show look entertaining. Jericho has an I of his own: "I wish that you would shut up!" Angel wants to have the match tonight but says let's make it a tag match. Jericho needs a partner so here's Rock.

Rock says he isn't a tag wrestler but he'll do it tonight if he can get his hands on Big Show. He doesn't care about Angle but if it means getting to Big Show, he'll fight Kurt too. Rock has heard all of Show's talk and Show is absolutely right. His feet did hit the ground first and he did call Show a jabroni. The people boo him and they should. Rock has a video of his own. It's of Rock imitating Show's chokeslam signal. We see it again from a different angle and again in slow motion. The people boo Show because he whines and complains. Rock ends it with his usual catchphrases.

Video on the Cell.

### Chris Benoit vs. Kane

All of the Radicalz come out for this, including Eddie in a sling. Kane fights them all off but Benoit takes him down. The other three get thrown out before the match officially starts. Benoit tries to suplex Kane in but Kane picks him up and drops him into the ring. Benoit takes him down and hits the Swan Dive but Kane sits up. Something that was supposed to be a tilt-a-whirl slam puts Chris down.

Kane uses his big shots to knock Benoit around and then hits the top rope clothesline. He calls for the chokeslam but instead clotheslines Benoit out to the floor. They brawl to the outside and here's Kane's ex-girlfriend Tori. This is being written on Valentine's Day so it's kind of appropriate. She and Bearer get into it but the match is a double countout.

**Rating:** C-. This was exactly what you would expect from a Benoit vs. Kane match. At this point Kane was a much bigger star than Benoit so the result was probably a good thing for Chris. Kane would feud with Pac for awhile and then do nothing of note for the next few months. Benoit would get the IC Title at Mania.

Kane stalks her up the ramp but X-Pac comes out and FIRES A FLAMETHROWER AT KANE. Sweet cheese and crackers that's a bit much isn't it?

### Hardy Boys/Edge/Christian vs. Al Snow/Steve Blackman/Dean Malenko/Perry Saturn

Head Cheese lives!!! Christian vs. Blackman starts us off with Blackman running him over a few times. A kick to the face takes the Canadian down and the fans chant Head Cheese. Off to Snow and then Malenko quickly. Saturn comes in to keep up the beating on Christian. Christian manages a rollup for two and a double clothesline puts both he and Saturn down.

Hot tag brings in Jeff with a Whisper in the Wind. Everything breaks down quickly and Jeff avoids a double flapjack by the Radicalz. Jeff dives onto Saturn on the floor as Christian hits a reverse DDT on Dean. Matt is shoved off the top onto Edge as Dean dropkicks Jeff into a suplex by Saturn for the pin.

**Rating:** D+. It was good while it lasted but when you have to run through things like this, there's only so much you can do. Points to them for getting all of the heel team in there in such a short match, but Matt and Edge never even got into the match. Not a bad match or anything, but too many people with too little time.

The Hardys and Edge/Christian fight post match.

#### Rikishi/Too Cool vs. HHH/X-Pac/Road Dogg

Roadie and Grandmaster start things off. Dogg is knocked down by a middle rope dropkick which gets two. The Radicalz are watching. Off to HHH and Grandmaster takes him down with a middle rope clothesline. Scotty sets up the Worm but Pac kicks his head off. HHH doesn't fight low level guys so he brings Road Dogg back in. A jumping back elbow by Scotty is enough to bring Rikishi in and he cleans house.

Rikishi has a bad ankle so as he loads up the Rikishi Driver, HHH chop blocks him to break it up. DX works over the ankle and Rikishi is in a lot of pain. Pac fires off kicks to the chest but Rikishi gets all ticked off. He slams Pac to the mat but Rikishi is down too. Here's Grandmaster who knocks everyone down. A powerslam puts X-Pac down and Scotty hits the Worm. Everything breaks down and as Rikishi loads up the Banzai Drop, HHH pops him with a chair. Too Cool hits a double elbow on Grandmaster as HHH hits Rikishi in the ankle with the chair. X-Factor pins Sexay.

**Rating:** C-. Standard main event style six man here. The Radicalz face Too Cool/Rikishi on Sunday which is why this

match happened. That was their first feud and it would end on Sunday with the Radicalz winning of course. They would kind of split after that while HHH would move on to feud with Rock over the summer. This was fine.

HHH gets in another chair shot to the ankle post match because he's evil.

### Big Bossman/Prince Albert vs. D'Lo Brown/Godfather

Albert and Bossman beat up Tazz on Monday. No idea what that has to do with this but we see a clip of it anyway. Brown vs. Boss to start and Brown hits a middle rope dropkick for the early advantage. Albert comes in to take over. They always seemed to want to push Albert hard but it never quite happened. A moonsault by Brown misses (no idea where he was aiming) and Albert takes him down with a DDT. Godfather comes in and cleans house. Tazz comes in and hits Albert, allowing the Pimp Drop (Death Valley Driver) to pin Albert. This was short.

Here's Cactus Jack to talk about his career in case it ends. He's an 8 time tag team champion which is often forgotten. He talks about remembering the Thrilla In Manilla and how amazing it sounded. Then he got to see the fight later on and it ended with Frazier sitting on a stool. Foley says he's not going to be remembered for sitting on a stool. He fought HHH at the Rumble and they tore the house down.

So then he thought he'd challenge HHH to a match in the Cell. Do you remember what happened in the last Cell match he was in? He almost died and had more injuries than he thought were possible. It was the greatest day in his career because he finished the match on his own feet. He's seen a lot of guys prostituting themselves for one last payday and he will not do that. If he can't beat HHH, he'll end his career. For a month that is.

He thanks all of the fans for the times when they supported

him like when he won his first world title and when they bought his book. He can't guarantee that he'll win on Sunday but he can guarantee he won't end his career sitting on a stool. He'll go down swinging or he won't go down at all. Also, win, lose or draw, he'll dive off the cage and land on HHH. For the Mankind fans, Have a Nice Day, and for the Cactus Jack fans, BANG BANG! AWESOME promo here and I want to see the Cell match now.

Foley goes to leave but here's Stephanie because we can't have a great moment without her can we? She says she's passionate too and has dreams of her own. Last Monday her dream turned into a nightmare when he damaged her bus. He cost her a lot of money in damages but Sunday night he'll pay with his career. She has a warrant for his arrest so he'll be in jail. Here are cops to arrest Foley and he goes quietly. They cuff him and HHH comes out to laugh. There was no need to have them come out here but hey, at least Foley doesn't get a big sendoff right?

Back from a break and a very young looking Coach says Kane has second degree burns on his neck and possible vision issues.

HHH and Stephanie laugh at Foley even more. Foley is in a small cage in the back instead of in jail. Only in wrestling. HHH gets the keys because the cops are stupid.

Steph and HHH taunt Foley post break.

### Bubba Ray Dudley vs. Billy Gunn

The Dudleys get a tag title shot on Sunday. D-Von is brought in and thrown into Bubba. Neckbreaker gets two for Billy. Fameasser is countered into a powerbomb but Bubba misses the backsplash. Billy misses a splash but hits a Jackhammer. He loads up the Fameasser but D-Von pulls the top rope down and that's a DQ.

The Dudleys load up a table but Road Dogg comes in for the

save and Bubba takes the Fameasser through the table. Cole is very happy that a Dudley went through a table. The Dudleys would get their first tag titles on Sunday.

More taunting by HHH and Stephanie. Then they attach the cage to their bus.

### The Rock/Chris Jericho vs. Big Show/Kurt Angle

Angle and Jericho start things off and Jericho gets a backbreaker for two. Rock and Show come in and Rock hits a spinebuster and pounds away. Back to Jericho who is thrown around with ease. Back to Kurt and both partners interfere. Jericho hits the bulldog and it's back to Rock. He sets up the Elbow on Kurt but Show takes his head off. A missile dropkick puts Show down but he pops up and hits a big old chokeslam to Jericho. Chyna comes in and hits Show with a chair for the DQ.

**Rating:** C+. This was really short (as in like four minutes) but they had a lot of stuff going on in there. This was a very energetic match and more fun than most of the main event tags that you see in modern wrestling. It got both feuds in the ring at the same time and a lot of the time that's all you can ask for.

The brawls continue with Show and Rock fighting up the ramp. Angle gets put in the Walls back in the ring. Show and Rock head to the back and Rock is thrown through a wall.

HHH and Stephanie drag Cactus away in the cage as it's attached to the bus to end the show.

**Overall Rating:** C+. This was fine. The wrestling wasn't anything to remember but all of the feuds were touched on which is the top priority for a go home show. Rock and Show would have a good match and the two main event feuds would combine into a fourway at Mania which I thought was better than most people do. Good show but not great.
