

Wrestlemania #1 – Did It Have The Right Main Event?

The main event was Hulk Hogan/Mr. T. vs. Roddy Piper/Paul Orndorff. Was that the right main event? In short, no it wasn't. The main event should have been Hogan vs. Piper for the title, preferably with Piper defending the belt that he won at War to Settle the Score after Piper cheated like there was no tomorrow and stealing the title while Hogan threw a total fit afterwards, demanding a rematch here. Hogan winning the title back here would have been great and they could have found a way to get T. in there somewhere else.
