

Wrestlemania #16: What Should The Main Event Have Been?

I know I ask that a lot but it's the match the most people remember on almost every show. I don't think there's any other answer other than Rock vs. HHH. Yes that leaves Foley out, but having the main event be all about the McMahons ruined it for me. Rock vs. HHH was the right idea and their feud over the rest of the year proved it.

Thoughts?
