

Wrestlemania #23: Will #28 Break Its Record?

Wrestlemania 23, really headlined by Vince vs. Trump, did 1.2 million buys. Do you think Rock vs. Cena will break that? I think so. Last year with Rock in the undefined role of Host, they did over a million. With him vs. Cena, I don't see how they couldn't. adding in the Cell and the other celebrity stuff, I can't picture it not happening.

Thoughts?
