

Better Heel: HHH in 2000 or DiBiase in 1987/1988?

I'm watching a Raw from 2000 and I'm amazed at how good HHH is at being evil. He gets a lot of flack for his stuff in 2002 and 2003, but when he's on, sweet goodness is he on. This got me thinking. I've often said that DiBiase is the greatest heel of all time and I still say that, but was HHH in 2000 even better? It didn't last as long, but man alive was it great. I honestly can't pick which I think is better, but which do you think was better? Do you think someone was better at it? The only other I can think of would be Hogan in the original NWO days.
