

Thought of the Day: WWE Is Now Ripping Off TNA's Bad Ideas

I mentioned this in the review last night but it deserves its own mention here. Last night on Raw, we saw WWE rip off the Clair Lynch storyline that TNA ran a few months back. We have Cena in the role of AJ Styles, being accused of an affair and having a plausible excuse for every piece of evidence presented to him. Vickie is now playing the role of Kaz and Daniels as the accuser and AJ is playing a not-angry Clair Lynch. This is the consensual PG version, but it's the same story.

If this is the best they can come up with, they're in trouble.
