Great American Bash 1990??? As I said in my review of it: "The match isn't great and it's certainly not their best."

This is wrong on SO many levels. Some of these matches weren't even the best matches on their own shows. Also, this is leaving out a ton of great stuff from the 80's for

absolutely no apparent reason. They were still in the NWA for the 1990 Bash so it can't be that.
