

The Opening Segment Of Raw

They really do make this too easy for me. The opening segment was Stephanie and Vince in the ring, talking about HHH not competing tonight. Both of them made sure to remind us that Curtis Axel is beneath HHH.

So to recap:

1. Lesnar, not Axel, hurt HHH.
2. Axel did NOT beat HHH.
3. Curtis Axel is beneath HHH.

Go ahead: tell me how HHH is giving Axel such a great rub and how awesome Axel looks as a result of this stuff. I'm waiting.
