

All My E-Books Are Now \$4

I'm not sure how long I'll keep them there but odds are it won't be forever. This includes:

Complete 1998 Monday Night Raw Reviews

Complete 2001 Monday Night Raw Reviews

History of Starrcade

History of the WWE Championship

You can find all these books on my Amazon author page here:

All are \$4 or the equivalent of that price in foreign currency. You can find them in any country that has Amazon on their respective websites. Please check them out if you haven't before and I'll be having a new one coming out hopefully at the end of next month.

Thanks as always,
