

New Series: Required Viewing

A lot of times in reviews I'll call a match or promo required viewing. Unfortunately I don't often talk about them in detail, so I figured I might as well do it more often. Every so often (it won't be daily) I'll post a promo or a match (as in the Youtube video of it) that I think is worth seeing and tell you why it's so awesome. I'll try to keep this a bit less familiar, as in there won't be stuff almost everyone has seen like Savage vs. Steamboat or Razor vs. Shawn.

Hope you enjoy it,
