

New E-Book: KB's Complete Monday Nitro Reviews Volume I

Yes I've done it again, this time with the first in a series Monday Nitro reviews. Volume I covers everything from the first episode through the end of 1996, which includes a lot of awesome moments and matches. These shows feature a long series of Eddie Guerrero vs. Chris Benoit matches, a bunch of world title matches and changes, the New Japan invasion, the debut of Chris Jericho, the Alliance to End Hulkamania, the reformation of the Four Horsemen, and of course the rise of the NWO in their dominance of WCW.

This was one of the most important times in wrestling history as the way wrestling was presented on television was changed forever. The days of an hour of squash matches a week were gone and the flagship show was now on Monday nights. The Monday Night Wars were underway and this show rocked Monday Night Raw to its core. These shows still hold up today and are well worth checking out.
