

Thought of the Day: Back In The Day

So I've been watching Raw from 1999 and the following becomes obvious. The show is dominated by about 10 acts. You have Austin, Rock, Vince, Stephanie, Undertaker, Shane, HHH, Shamrock and the Ministry, all making about 5 appearances each. Today this is called dominating a show while 1999 is called the good old days.

Funny how that works.
