

A Story So Strange You Can't Make It Up

About Ric Flair. According to PWInsider, Ric Flair is now back to taking bookings and living with former WCW wrestler.....

wait for it.....

JOE GOMEZ.

Does that name ring a bell to you? I'd be surprised if it did, as Gomez was a jobber to the stars at best. He feuded with Steve McMichael for about a month and then formed a jobbing tag team with Renegade. If there has ever been a more bizarre pairing I've never seen it.
