

Thought of the Day: Next!

With regards to Roman Reigns. The line you hear is that REigns is supposed to be the next John Cena. For the life of me I can't see that happening. Reigns just doesn't have the talking skills and doesn't come off as an alpha male like Cena or any other top guy. What I can however see is Reigns as the next Batista or Goldberg. That's not a bad place to be in and would put him as one of the top guys in the company for a very long time.
