

# Wrestler of the Day – August 5: Mickie James

Today we'll look at someone a bit better looking than Raven: Mickie James.

Mickie got started under the name Alexis Laree in 1999. She was mainly a manager but also wrestled at times. We'll pick things up with an indy company called Southern Championship Wrestling on June 28, 2001.

## Alexis Laree vs. Persephone

I've never heard of Persephone. Alexis has a title here and is rocking (?) some spiked shoulder pads ala the Legion of Doom. She stalls to start for awhile and Persephone is clearly the favorite. Laree jumps her and they slug it out with the champion getting the better of it. Persephone gets two off a rollup and two more off a fisherman's suplex. A low blow has no effect on Persephone so Alexis kicks her in the back a few times.

Laree goes outside for no apparent reason and gets caught with a baseball slide to the back. They chop it out on the floor with Persephone getting the better of it, only to have Alexis take over back inside. Some other chick comes out and pulls Alexis to the floor for a beating and I'm assuming that's a DQ.

**Rating:** D+. They weren't all that good yet but it was clear that they were needing ring time more than anything else. The match wasn't terrible but it was smart to cut it as short as they did. Persephone was pretty much a Lita knockoff with blonde hair, but to be fair Lita was the most popular Diva in like forever at this point.

Laree would head to TNA where she would appear on Weekly PPV

#38 on April 2, 2003.

### Trinity vs. Alexis Laree

Trinity takes her into the corner to start but Alexis grabs a wristlock. That gets her taken down into an armbar and a headscissors sends Alexis outside. Back in and Laree takes over with kicks to the back followed by a basement dropkick for two. Trinity gets thrown outside and the camera makes sure to get in position behind her. Back in and Trinity kicks her in the face but takes WAY too long going up. Trinity is able to shove her down but misses the moonsault. This brings out Raven to sit in the corner, but Trinity kicks Alexis in the face and hits a standing shooting star for the pin.

**Rating:** D+. Trinity is an old favorite of mine as she was always in great shape and had the awesome looking long black hair. Oh and she could hit a great moonsault. Anyway, this was back when the division was just past Bruce being the women's champion so these two were a breath of fresh air. Alexis got WAY better since 2001.

Off to OVW, where Alexis was actually in a TV Title tournament. She beat Mike Mondo in the first round, setting up this second round match. From OVW TV on May 28, 2005.

### TV Title Tournament Second Round: Bobby Lashley vs. Alexis Laree

Lashley gives her the chance to walk out before the match but one of his managers named Miss Blue offers to take his place. They get in a catfight in the ring until Lashley pulls Alexis off. The bell rings and it's a powerslam to give Lashley the pin. Yes this was just a novelty to fill in a spot.

Alexis would start going by her real name of Mickie James and debut in WWE in late 2005. She started as a lesbian stalker of Trish Stratus, setting up an eventual showdown at Wrestlemania XXII.

## Women's Title: Trish Stratus vs. Mickie James

Mickie is challenging and has those awesome skirts that go all over the place. Trish is looking great too with the usual attire but showing her stomach as well. Trish is all aggressive here and chops Mickie down into the splits. They head to the floor but the Chick Kick hits the post. Mickie wraps the leg around the post and is still looking very psycho. Back in and a dropkick to the knee takes Trish down again, as does a dragon screw leg whip for two.

The fans chant for Mickie and I can't say I blame them. Mickie wraps the leg around the ropes before driving it down into the mat for good measure. Off to a half crab followed by a knee crank but Trish power up and hooks a spinning headscissors to put James down. Trish comes back with the forearms and a spinebuster of all things for two. Trish's corner splash hits feet but as Mickie goes up, Stratus tries the Stratusphere but gets slammed down for a sexy two. A rana is countered into a powerbomb for two and Trish is TICKED.

Trish tries the Matrish but the knee gives out. Instead she tries Stratusfaction but Mickie gropes Trish's crotch to break it up. It's exactly what it sounds like. Mickie licks her fingers so Trish DRILLS HER with a forearm. Trish keeps firing away but the knee gives out, and then the match falls off the rails. Mickie tries the Stratusfaction but COMPLETELY misses the rope, making it almost look like a botched atomic drop by Trish. Instead Mickie hits a lame Chick Kick to end Trish's reign. JR sums it up perfectly: "The nutjob won the title!"

**Rating:** B-. This was one of the best Divas matches ever but the ending cripples it. The idea here was that it wasn't a women's match but rather a match featuring women in it. These two were beating each other up and Trish had real emotion out there. Mickie was PERFECT for this character and you really felt like she had a screw loose. The sexuality was there but it wasn't the focus which is nice for a change. It's nice to

see a real story and a real fight between two people who happen to be gorgeous women. Good stuff here.

We'll jump ahead to Mickie challenging for the title again at Survivor Series 2006.

#### Women's Title: Lita vs. Mickie James

Lita is defending and this is her retirement match. I miss Mickie with those skirts that keep flying up. Lita slaps Mickie in the face to start, causing Mickie to choke away in the corner. The champ comes back by literally throwing Mickie around which is a bit less than what you would expect from someone as talented as Lita. Mickie goes up and gets slammed off the top as this is one sided so far.

A quick snap suplex gets two for Lita as this continues to be slow. I can't at all complain about the upskirt shots of Mickie though. Off to a sleeper by Lita which is the last thing this match needed. Mickie gets in the ropes and avoids a charge in the corner. She goes up and is immediately suplexed down for two. Now the fans think Lita has herpes.

Mickie hits a SWEET spinning kick to take Lita's head off followed by a fisherman's suplex for two (and a GREAT crotch shot of Mickie). Moonsault gets two for Lita but the Edgecution is countered, giving Mickie two. They trade rollups and Mickie hits the jumping DDT to retire Lita and win the title.

**Rating:** D. Most of that is for getting great views of Mickie and Lita's rocking cleavage. Other than that, this was some pretty uninspired stuff. Lita left when she should have as she had nothing left to accomplish and no one like Trish to work with. Pretty terrible match here but it passed the torch to Mickie who was indeed the future of the division.

Since this is the Divas division, we have to jump around a lot and go from title match to title match. Here's another match

from Backlash 2007.

### Women's Title: Melina vs. Mickie James

Melina is defending. Mickie is getting her return match here and is looking very bouncy tonight. They head to the mat to start with Mickie hitting a monkey flip for one. Off to a headlock by the challenger which is reversed into one by Melina. Mickie escapes that with ease so Melina pounds away as she can't win a wrestling match here. Mickie mounts her (lucky) and pounds away as well.

James goes up top but gets sent out to the floor to give Melina control. She chokes Mickie in the ropes and then hooks a full nelson with her legs. Now it's a choke in the corner but Mickie escapes. And never mind as Melina comes off with a seated senton to take over again immediately. That gets two so Mickie tries her spin kick. That fails also as Melina counters, sending Mickie down into the splits. James hooks Melina's legs and they slug it out with both girls in a splits position.

Mickie makes her comeback with forearms and hair tosses. She's very fired up here and it looks like a good comeback instead of the usual lame Divas offense. Mickie's rana out of the corner is countered as Melina sends her to the apron. She pops back up and hits a top rope cross body for two. Back to the corner and Melina hits a kick to the head followed by a reverse DDT to retain.

**Rating:** C+. This was one of the best Divas match I've seen in YEARS. Mickie was awesome as was Melina, but most importantly of all: this was treated like a match between two women, rather than a Divas match if that makes sense. The match wasn't treated like anything different, which is the best thing they could do with the Divas anymore. Also it got time, which helped a lot.

We'll jump ahead a good bit to Judgment Day 2008 for a match

with probably Mickie's biggest rival.

### Raw Women's Title: Beth Phoenix vs. Melina vs. Mickie James

Mickie is champion. So we're like an hour and 10 minutes into this show and the Smackdown guys haven't called a single thing. Gotta love the treatment of the B show. Beth and Melina argued about the title shot and we see why Beth doesn't talk like ever. Mickie is still all bubbly and hot at this point. Not that she's not hot now but you get this idea. THIS somehow gets big match intros. Wow indeed.

Beth tells Melina to get out of her ring so Melina drills her with a kick. Mickie grabs a victory roll for two on Melina and it's one on one for awhile. Beth pulls her out and it's challenger vs. challenger. Yeah I don't care either but you have three hot chicks out there so how much can I complain?

Mickie back in now and we get some nifty triple person spots. James throws on something like a Tazmission on Beth which goes nowhere. Regal Cutter to Melina allows Mickie to go up, only to get...uh....pussied by Melina. They speed things up a bit and Mickie gets a top rope Thesz Press to Beth followed by a HARD seated dropkick. In your HOLY CRAP spot of the night, Beth puts them both in an over the shoulder body vice for about 12 seconds. Mickie gets the jumping DDT to Melina quickly after that to retain but dude, WHO CARES? I'm still getting over that body vice move which was insanely awesome.

**Rating:** C+. Better Divas match than usual actually as all three chicks were working hard out there and the result was rather good stuff. When Melina is the ugliest chick out there you can't really go wrong. With an awesome spot like that and a pretty good match other than that, this was one of the better Diva matches I've seen in awhile.

Off to Raw on September 8, 2008 for a required six Divas tag.

Jillian Hall/Katie Lea Burchill/Beth Phoenix vs. Mickie

## James/Candice Michelle, Kelly Kelly

The Divas were much hotter in 2008. Beth is Women's Champion and says she's a great champion, which is a message to Orton. She says no one can challenge her which draws out Candice to be the mystery partner or something. Kelly vs. Katie to start with Kelly proving why she should stick to looking good, which she is in a bikini and chaps.

Off to Mickie and Jillian with Mickie getting caught in the heel corner. Beth comes in for a slingshot suplex for two. A neckbreaker lets Mickie tag in Candice, who just wasn't that good. She cleans house and goes up in the heel corner for a cross body. Beth rolls through but Candice rolls into an ugly small package for the pin.

**Rating:** D+. Candice brought this WAY down. She was botching everything she tried and really messed up the match. They tried really hard to make her into the big deal of the division and it never quite worked. On another note, the Divas looked WAY better back then and could work better matches too. Such a shame.

Mickie would go after the newly created Divas Title at Night of Champions 2009.

## Raw Women's Title: Mickie James vs. Maryse

Make it quick please. Yeah as looks go, Mickie is way ahead of Maryse. The fans want puppies. And people wonder why this division is never taken seriously. The match is your standard slapfest of course. Maryse tries to use her perfume or whatever but gets stopped.

We're in our second rest hold six minutes into the match. This just isn't interesting at all. Cole almost says the name of the wrong title. There is simply no need to have two belts. If you had just one it could potentially work. Mickie hits her jumping DDT to get the title to next to no reaction.

**Rating:** D. People don't care about women's wrestling and that's really all there is to it. It's not nice but it's true. This just wasn't interesting at all. The buildup was Mickie has beaten the jobbers this month so she gets the title shot because she's on a roll. That's it. I'm looking forward to Michelle vs. Mickie as there's an actual story to it. This didn't and it was painfully obvious.

Mickie would get into a controversial feud with Laycool over Mickie's weight, which is practically not there. Here's their showdown at Royal Rumble 2010.

#### Women's Title: Michelle McCool vs. Mickie James

Pre match Michelle runs her mouth about how fat Mickie is and accuses her of skipping out on the match. Michelle offers cake and here's Layla in a Mickie Pig costume. The real Mickie sprints to the ring and hits a Thesz Press on Layla on the floor. She heads inside, sends Michelle into Layla and hits the MickieDT for the pin and the title in 20 seconds.

It was off to TNA after this with Mickie with one of her first major matches at Against All Odds 2011.

#### Knockouts Title: Madison Rayne vs. Mickie James

Madison's song is irritating as all goodness. Mickie is dressed like Pocahontas for some reason. She's sent into the steps and the count is on. Remember that you have to answer a ten count or you lose. They fight up the ramp a bit with Madison in control. Mickie gets in a shot to send Madison into the post for about five. Taz tries to take a shot at the Divas and it doesn't work that well.

Mickie gets a kick in and clotheslines Madison using the rope to send her to the floor for seven. Cross body off the apron by Mickie puts both girls down. She tries to get the loaded glove off but can't quite get there. And now we have a shot of the empty ring as the girls are under the ring. Madison comes

out as you can hear the crowd talking. Ah there's Mickie.

She morphs into karate action Mickie to put Madison down with a series of kicks. And then with Madison down Mickie picks her up like a moron. Back in the ring Mickie goes up and gets shoved off to the floor. That gets a long nine which probably should have been ten. Madison loads up the glove but Mickie gets a shot to the arm.

Thesz Press off the top puts Madison down for two. Spinning kick puts the champion down again and Mickie steals the glove. At about 8 Tara (called Victoria by Tazz) comes out to break it up. Madison pulls brass knuckles out of her boot and drills Mickie to keep the freaking title. Oh dang it just give Mickie her title already!

**Rating:** C+. Decent match here but the ending was just stupid. There is ZERO justification to keep the title on Madison here and yet they're just going to keep on doing it. Well sure why not. It's not like no one cares about her or she's nothing special in the ring or her gimmick is boring. Good match, bad decision at the end.

Mickie would put her hair on the line for a chance at the Knockouts Title at Lockdown 2011.

#### Knockouts Title: Mickie James vs. Madison Rayne

Mickie's shoulder is taped and Madison can't get her tiara off. At least the girls both look great. Mickie jumps Madison as the bell rings and sends her into the cage three times within the first twenty seconds. Jumping DDT and we're done in 30 seconds.

We'll jump to TV for a bit with Impact, September 1, 2011.

#### Knockouts Title: Winter vs. Mickie James

Mickie goes nuts on her to start and grabs a rollup for two. Angelina tries to throw the belt in and gets ejected. Mickie

grabs a half crab and Tazz says it's very hard to get out of. Less than 3 seconds later Winter grabs the rope and is out of it. Great analysis there Brooklyn dude. Mickie has dominated most of this. The jumping DDT is avoided and both grab the other by the hair and slam them into the mat.

Winter tries that spinning slam but Mickie gets some elbows in and a rollup gets two for each chick. A slow jumping DDT hits for Mickie but Winter gets her foot under the ropes. I'm really glad that wasn't the ending as it would have looked bad. Enziguri puts Mickie down for two. Winter tries to choke Mickie with something but Hebner makes the save. Mickie kicks Winter upside her head and gets the title back at 6:00.

**Rating:** D+. This got sloppy in some places like Mickie intentionally having to cover Winter weird so she could get the foot on the ropes. I cannot stand stuff like that because it looks so fake and totally takes the drama out of a near fall. I also don't get the point in putting the title right back on Mickie after Winter had it for just a few weeks but since this is TNA, I'm sure the answer is "GIVE IT MORE TIME."

Another one from January 19, 2012.

### Mickie James vs. Madison Rayne

Mickie starts fast and rams her into the buckle to start. Powerbomb out of the corner hits and we're officially longer than the Lockdown match from last year. Seated dropkick gets a delayed two. Mickie hooks something like a choke and Madison is in trouble. Madison escapes and hits a HARD kick to take over. That sounded great. Mickie reverses a whip and we take a break.

Back with Mickie in control again. This has been pretty one sided so far. Mickie takes her down and nips up but Madison sends her into the cage to take over. Madison humps the mat with Mickie's head between her legs. Somehow that's a lot less hot than you would expect. Off to the chinlock. Madison has a

little American flag patch on her shorts. Not sure why but it looks good there.

Mickie fights up and a neckbreaker from James puts both of them down. They slug it out, won by Mickie. A flying forearm and clothesline put Madison down. Another flapjack attempt is countered and a boot gets two for Rayne. And then Mickie rams her into the cage a few times and the jumping DDT gets the pin at 12:23.

**Rating:** C. Not bad here but nothing classic. It's so much better in this division than the Divas, and a lot of that is due to the time. The Divas matches get annoying because they're just there and gone so fast that they don't mean anything. The Knockouts don't have masterpieces but they have matches, which is a big step in the right direction.

Mickie would go after the title again because there aren't many stories with the Knockouts. From Final Resolution 2012.

Knockouts Title: Mickie James vs. Tara

They fight over wrist/arm control to start as the announcers talk about Tara being in her city's athletics hall of fame. This turns into a discussion of USC football as Tara wants to kiss Jesse a bit. Mickie gets a rollup and northern lights for a pair of two counts and there's the rana to put Tara down again. Tara gets sent into Jesse but the distraction lets Tara get in a kick to the face to take over.

Back in and Tara hooks Mickie in an over the shoulder hair pull. Why she doesn't just hit the Widow's Peak from there is anyone's guess. Mickie gets a rollup for two but Jesse has the referee's attention. The spinning sidewalk slam gets two for Tara and it's off to a body vice for the champ. Mickie makes her comeback with a lot of kicks (a running theme tonight) and gets two off an enziguri. Tara is thrown onto Jesse again, so Mickie hits a Thesz Press off the top to the floor to take Tara out again. Jesse gets kicked in the face, but the

distraction lets Tara hit the Widow's Peak to retain at 7:51.

**Rating:** C-. Not bad here but again, we need new blood in the division. Not blood that hasn't been around for awhile, but new blood in general. Jesse was the focus of this match which isn't a good thing, but Mickie vs. Tara is such a played pairing that you can only care about it so much after this many matches.

We'll wrap it up with Mickie's last title win on Impact, May 23, 2013.

### Knockouts Title: Mickie James vs. Velvet Sky

Velvet is defending and has a bad knee coming in. Mickie takes it down to the mat to start and cranks on the arm, only to have Velvet hit a fast dropkick for two. They slug it out until Mickie hits something like a swinging Bubba Bomb before hooking a full nelson as we take a break. Back with Velvet down and being put in a chinlock, only to fight up with an armdrag. Velvet fires off some clotheslines but her knee is giving out again. A headscissors gets the champion nowhere and I think they screw up a sequence setting up a Russian legsweep.

The second attempt works a bit better but Velvet is sent into the corner for a kick to the ribs. Now the headscissors works for Sky but her knee gives out after Mickie is down. A hard chop block takes Velvet down and Mickie has that evil look on her face for the first time in way too long. The MickieDT is enough for the pin and the title at 8:47.

**Rating:** D+. Mickie and Velvet both looked GREAT out there in their outfits, but the match was so sloppy that it was dragging things down. Velvet continues to look just a step above lost in the ring and Mickie can only do so much with her. Mickie seemingly turning heel here is a good thing though as she can play the psycho villain very well. The match wasn't much though.

Mickie James was the successor to Trish and Lita and she held that up very well. The problem is she didn't have the best crop of talent to work with her and it caused some issues. That being said, she can have a great match with the right opponent. The fact that she's absolutely gorgeous didn't hurt either.
