

Monday Night Raw – December 8, 2014: Worst In Awards Show

Monday Night Raw

Date: December 8, 2014

Location: Bon Secours Wellness Arena, Greenville, South Carolina

Commentators: Michael Cole, John Bradshaw Layfield, Jerry Lawler

It's the Slammys! These shows used to be a highlight of the year but now they're just there as a background for a usually boring show. However, there's usually a good ending to these shows but with tonight being the go home show for Sunday's TLC show, it's hard to say how big of a surprise we're going to get. Let's get to it.

We start with a Tonight On Raw preview, focusing on Cena vs. Big Show in the main event.

Jerry Lawler brings out Seth Green to host the show. Seth says this is our awards show and you can vote for the winners of the awards on the WWE App. Miz and Mizdow cut him off though (minus the belts). The amusing thing here is that Green is 5'4 so they TOWER over him. Miz gives a pitch about being the A-lister Seth needs, but Green says Mizdow is the real A-lister. Mizdow smiles but Miz cuts him off, only to have Damien do a "call me" sign behind Miz's back. Anyway they're here for the THIS IS AWESOME Award. The nominees:

Occupy Raw

Stephanie McMahon getting arrested for slapping Brie

The Authority being eliminated/Sting debuting

Steve Austin, The Rock and Hulk Hogan opening Wrestlemania

We'll get the winner after the first match.

Dolph Ziggler vs. Seth Rollins

Ziggler backdrops him to the floor and we take a break thirty seconds in. Back with Rollins in control and driving a knee into Dolph's ribs. We hit the chinlock for a bit before Dolph sends him face first into the buckle to get a breather. The Stinger Splash and elbow drop get two but Seth blocks the running DDT. Ziggler counters the buckle bomb into a sunset flip and now the running DDT is good for two. Back up and they head to the corner with Ziggler shrugging Dolph down, only to have the Stooges shove him off, setting up the Curb Stomp for the pin at 7:20.

Rating: C. They didn't have time to do anything but at least Ziggler didn't lose clean. I can live with a heel cheating to win and beating a hot star, even though he's going into an Intercontinental Title shot this coming Sunday. Why would we need to keep Ziggler strong for something like that?

Sting debuting wins the THIS IS AWESOME Award. Of course Sting isn't here so Seth is going to accept on his behalf, but Seth comes up and takes the trophy because Sting is responsible for the Authority being gone and Seth deserves it.

Here are some Slammys awarded on the pre-show:

Insult of the Year – Rock insulting Lana and Rusev

Tag Team of the Year – Usos

Breakout Star of the Year – Dean Ambrose

Hashtag of the Year – RKOOUTTANOWHERE

Fan Participation – YOU SOLD OUT to Seth Rollins

Kofi Kingston vs. Stardust

Stardust takes Kofi down to start and steps on his chest before the referee breaks it up in the ropes. A chinlock goes as far as you would expect it to and Kofi fights up with a hurricanrana. Some dropkicks put Stardust down and the NEW DAY Drop (no more Boom) sets up a running knee in the corner. A high cross body is enough to pin Stardust at 2:58.

Johnny Ace is presenting Surprise Return of the Year. After suggesting the People Power replace the Authority, here are the nominees:

Hulk Hogan

Batista

The Rock

Ultimate Warrior

Winner announced after How To Download The App and a break. After we're back, Ultimate Warrior wins.

Rollins is in the back with the Stooges when they run into Paul Heyman. Seth sends the Stooges away so he can talk to Heyman about the tables match. He thinks he might be next in line to face the Beast after he beats Cena, but promises that his cash-in will come when Lesnar and Heyman least expect it. Heyman is fine with that, but his client might as well be champion for life. However, that doesn't stop Rollins from being the future. John Cena is standing in his way, so if Rollins wants to be the future, he needs to make sure that Cena is stuck in the past. Rollins seems to like the idea.

Video on NXT Women's Champion Charlotte.

Charlotte vs. Natalya

Non-title of course. We get a WOO to start and Charlotte drives knees into the ribs to start. She stomps Natalya down against the ropes but gets caught in a quick choke to slow her down. That's fine with Charlotte who just pounds away at her face. A slap makes Charlotte even madder but Natalya takes out the legs as they hit the mat. Charlotte drops her again with a wicked chop and drops a hard knee for two. Natalya tries the Sharpshooter but gets countered into the Figure Four, which is countered into a small package to give Natalya the pin at 2:30.

Tyson Kidd takes the spotlight like he did at Survivor Series.

Santino presents the OMG Shocking Moment of the Year. He says he was

shocked just now by seeing Luke Harper take a shower. Usually he's watching the Divas take showers...but he's not a creep. The nominees are:

Seth Sells Out

Nikki Turns On Brie

Bray Wyatt's Children's Choir

The Streak Is Conquered

The winner is of course the Streak being conquered. Lesnar's music plays but we get Heyman instead for a very brief acceptance speech without saying anything of note.

Here's Bray Wyatt to talk about seeing her for the first time in that rocking chair beneath the Cypress tree. We see Dean destroying the chair last week and Bray says Dean destroyed something that can't be replaced. That leads us to Dean having his throat crushed on Smackdown in retaliation. Bray asks if that shocks or frightens us. No one here knows what they're dealing with and he despises all of us.

If you get too close to him, you will get burned by his fire as he stands on top of that ladder. Bray won't allow us to cry for him though as Dean deserves what's coming. He repeats Tables Ladders and Chairs over and over again until an ambulance drives into the arena. Dean pops out in a neck brace and pulls a table out of the ambulance. He throws it on the ramp before pulling out a ladder and chair to go with it.

There goes the neck brace and Dean drags the ladder and chair to the ring. He throws the chair in and nails Bray in the ribs with the ladder. Dean throws in a chair and hits Bray square in the head with it. A table comes in as well but Wyatt rolls to the floor. Dean lays on the table with the chair over him. Bray comes back down and gets another chair thrown at him. This Sunday, Dean is going to become the monster and eat Bray alive.

Seth Green brings out Jerry Lawler to present Diva of the Year. The nominees are:

Brie Bella

Nikki Bella

AJ Lee

Paige

The girls are shown in the back when Titus O'Neil shows up in a tuxedo for some reason. AJ wins and nothing seems to come of the cameo. She says that she promised to redefine the term Diva three years ago. Next year she hopes that next year, it's Bayley, Sasha Banks, Charlotte, Emma or Paige is up here on the throne. She's not done being queen though and will get her title back this week.

Cena talks about Vince telling Austin that the locker room needs to step up. That might fire up Seth Rollins, so maybe Rollins wants Big Show to wear him out tonight. This Sunday, Rollins has to put him through a table, which is good for Seth because he can't pin Cena or make him tap out. If Cena can't win this Sunday, maybe it's time for him to step down so Seth can step up. Tonight he's going to slam a giant and shake South Carolina because his time isn't up yet. This Sunday, Rollins goes through a table.

Erick Rowan vs. Luke Harper

Non-title and Harper brings a ladder with him. It's a slugout to start with Rowan getting the better of it and nailing a running splash in the corner. That's fine with Harper who nails a dropkick for one before kicking Erick in the head. The Gator Roll doesn't get Luke anywhere as Rowan pops back up and nails some clotheslines. A full nelson slam gets two on Harper and they head outside with Luke hitting Rowan with the ladder for the DQ at 2:05.

Post match Rowan fights back and starts throwing the stairs into the ring. Harper takes a big shot to the head and bails.

The Usos come up to Naomi to celebrate their Slammys. Jimmy says it's the second best thing to happen to him all year after marrying her. Naomi has been talking to Miz's agent and apparently it went well. Uso isn't sure

but Naomi has a screen test later this week. That's fine with Jimmy but he's going to Hollywood with her because Miz is involved in this somehow. Naomi interprets this as Jimmy not trusting her.

Adam Rose comes out to present LOL Moment of the Year. The Bunny won Animal of the Year earlier. Rose thinks he should be hosting and says the fans know nothing when they disagree. The nominees are:

Mr. T.'s Mother's Day message at the Hall of Fame ceremony

WeeLC

Mizdow the Stunt Double

Vickie Guerrero knocking Stephanie into pudding

The Bunny tries to open the envelope but Rose gives us Mizdow for the win. Here he is along with Miz (and the belts this time), who actually lets Mizdow have some spotlight for a bit. It's only for a bit though as Miz takes the trophy and says he can make us go through all these emotions because he's an actor. Miz: "I hear you. You want MIZ NOW and you're getting MIZ NOW!" Miz thanks the only one that has been there for him since day one: the moneymaker. Mizdow doesn't seem that offended.

Here are some other winners.

Faction of the Year – Shield

Rivalry of the Year – Bryan vs. Authority

Raw Guest Star of the Year – Jackman

Twitter Handle of the Year – @HeelZiggler

Couple of the Year – Bryan/Brie Bella

Here are Lana and Rusev for a chat. Lana runs down the American economy and President Obama before moving on to the Real Americans. Lana: "That is an LOL moment!" Cue Swagger, who will be challenging Rusev for the title on Sunday, to say that Rusev broke Colter's leg, so he's going to snap Rusev's ankle. Jack charges and ducks the running superkick before

dropping the ankle on the barricade. There's the Patriot Lock on the floor and Rusev kind of taps until referees make the save.

New Day vs. Goldust/Stardust on Sunday's pre-show.

Usos/Ryback vs. Kane/Miz/Damien Mizdow

Seth Green is on commentary. Kane slams Ryback to start as Seth talks about Battlestar Galactica. The Usos come in to start in on the arm but the announcers are too busy taking pictures. Off to Miz to stomp away on Jey before a headlock takes the actor down. Lawler has to get the announcers back on the match as Cole does his traditional driving off a cliff of a tangent. Jey hammers away on Miz and grabs a suplex, so Mizdow comes in and mimes getting hit in the face before raising his arm like he's about to be suplexed. He flips over then dives over the top after Miz is sent flying.

Back from a break with Kane holding Jey in a chinlock before it's off to Miz for a Reality Check. Jey finally breaks free and tags in Ryback to clean house. Everything breaks down and the Usos escape a double chokeslam and nail Kane with a double superkick. Jey dives onto Kane but Jimmy gets low bridged to the floor when charging at Miz. The Meathook and Shell Shock end Miz at 9:52.

Rating: C. This was a quick match that combined the two feuds into one and there's nothing wrong with that. Jimmy vs. Miz is at least a fresh story and something that fits the characters instead of being shoehorned in. Ryback continues to get a push, even though he's lost some momentum after that performance at Survivor Series.

Green celebrates with the winners.

We look back at the first Slammys in 1986.

Here's Ricky Steamboat to present Match of the Year. He gives a very nice speech about what it means to have a classic match to introduce the nominees.

Daniel Bryan vs. Randy Orton vs. Batista – Wrestlemania XXX

John Cena vs. Bray Wyatt – Payback

Shield vs. Evolution – Extreme Rules

Team Cena vs. Team Authority – Survivor Series

Team Cena vs. Team Authority wins with Zigler coming out to accept. Zigler sounds very touched by this and says they're going to build off of it because this belongs to all of the fans.

AJ Lee vs. Summer Rae

Summer mocks AJ for winning the award earlier and AJ goes right at her, only to eat a wheelbarrow slam for two. A spinwheel kick that misses by six inches gets two on AJ before we hit a quickly broken chinlock. AJ pops up and Black Widows Summer for the submission at 2:18.

Rob Van Dam is here to present the Extreme Moment of the Year. The nominees are:

Brock Lesnar's 16 suplexes to John Cena

Kane tombstoning Bryan on the steps and the announcers' table

Chris Jericho diving off the cage and onto Bray Wyatt

Seth Rollins Curb Stomps Dean Ambrose onto cinder blocks

Jericho wins and Fandango comes out to accept on his behalf. You'll never forget his name you see.

Saint Mick does his merchandise shilling.

Big Show says no one is going to forgive him for what he does so he's going to destroy Cena tonight.

Booker T. is presenting Superstar of the Year.

Dean Ambrose

Bray Wyatt

Roman Reigns

Brock Lesnar

Bray Wyatt

John Cena

Seth Rollins

After a break, the winner is Roman Reigns. He's actually in the building tonight to accept the award and says this may not be the brass ring but it's a step in the right direction. It doesn't matter if you're at the top of the stairs, he's stepping up and you can believe that.

Chris Jericho is Guest GM next week.

John Cena vs. Big Show

Big Show's music comes on at 11:00pm EST so this is going to be quick. Cena charges right at him and gets headbutted down. A shoulder bounces off Show and he chokes Cena on the ropes. Cena avoids a charge in the corner and grabs a DDT, only to walk into a side slam to put him right back down. Off to a bearhug for a bit before Cena jumps onto the giant's back for a sleeper. Show flips him forward but misses the KO Punch, allowing Cena to hit a belly to back. The Shuffle is countered by a chokeslam but Cena slips out and AA's Show for two as Rollins and the Stooges come in for the DQ at 5:43.

Rating: D. This was every Cena vs. Big Show match you've ever seen and with the ending that everyone and their mother (even Mr. T.'s) knew was coming. It's not the worst match in the world, but what could they possibly do in less than six minutes with a completely telegraphed ending?

Rollins loads up a ladder for a super Curb Stomp but Zigler makes the save. Cena and Zigler beat up the Stooges but Big Show knocks them both out. Cue Rowan but Harper jumps him from behind. Show chokeslams him onto the steps so here's Ryback for the late save. He posts Show and Meathooks Harper before setting up a table. The Shell Shock is broken up by Kane

with a chair but Ziggler takes out Kane. Some superkicks drop Big Show, only to have Harper put Dolph through a table. Cena AA's Harper, only to eat a Curb Stomp. Rollins loads up the announcers' table and TripleBombs Cena through to end the show.

Overall Rating: D+. Well that happened. This was one of those shows where there just wasn't anything to talk about. The Ambrose vs. Wyatt segment was good but it's not enough to carry a three hour show. This was much more a go home show with a few other things going on in the background. Sunday should be fun but we really need to get to Wrestlemania season to breathe some life into this company again. The show wasn't even horrible but there's just nothing here worth seeing.
