

Wrestlemania XXXIII Preview: Shane McMahon vs. AJ Styles

Please....don't mess this up.

I don't know how to feel about this one. The story has been quite strong, but at the end of the day it's McMahon vs. Styles at Wrestlemania after the incredible year that Styles had. As a Styles fan, here's what worries me the worst: if the match is good, McMahon gets all the credit. If the match is bad, Styles gets all the blame. Styles has his work cut out for him here and the fact that it's a regular match means this could be something of a mess.

With my fingers heavily crossed, I'll take Styles, though don't be surprised if they actually give McMahon the win to keep him strong or some nonsense like that. Either way, I can't imagine the match being anything more than a messy brawl because McMahon can't even throw a good punch. Watching Styles try to carry McMahon to a passable match could be a disaster but there's always the chance that the old magic could come back for the boss. I mean, it didn't last year but it's a possibility. Maybe.
