

A Few Quick Raw Notes

Some are nicer than others. 1. Strowman vs. Lesnar is official for No Mercy. Freaking yay and the only way they could go.

2. Screw beach balls. Seriously, screw them. If you're that bored at a show, go do something else and quit messing with the fans who don't care about that nonsense.

3. It looks like Cass' injury is legit. There's no word on the severity but that would suck if he has to miss time. It also doesn't look good for Enzo either, as he doesn't have much else to do other than deal with Cass.

4. Again, screw beach balls and screw WWE for encouraging them.
