

He's Going to Wrestlemania!

YES! YES! YES HE IS! By that I mean Shinsuke Nakamura of course, who last eliminated Roman Reigns to win. John Cena and Finn Balor filled out the final four. The big surprise was Rey Mysterio with Hurricane as a comedy joke. Andrade Cien Almas and Adam Cole were the NXT representatives. No Daniel Bryan.

Also, Nakamura said he wanted to face AJ Styles, so the match seems to be made for Wrestlemania.

I was completely wrong about this as I never would have guessed Nakamura to win. Some people said he would though and it turns out they were right.
