

Wrestlemania XXXIV Preview – Raw Tag Team Titles: The Bar vs. Braun Strowman/???

That leaves so many possibilities.

Raw Tag Team Titles: The Bar(c) vs. Braun Strowman/???

So who ya got? This is one of the biggest questions marks on the show as there are several ways you could go with the partner. You could have Alexa Bliss to play off their chemistry in “Mixed Match Challenge”, Curt Hawkins to pay off the losing streak, James Ellsworth for the funny cameo or Elias to bring back their recent one sided feud.

Since it’s WWE and they’re not the most subtle organization in the world, I’ll take Elias, who has done nothing in recent weeks (other than be awesome of course) but was involved with Strowman a few weeks back, to team with Strowman and win the titles. It doesn’t make a ton of sense but with Elias promising to be at “Wrestlemania” and not saying what he’s doing, they’re telegraphing it pretty hard. I’m not sure what sense this makes for Strowman, but putting him in this match in the first place didn’t either so why stop there?
