

Wrestlemania XXXIV Preview – Smackdown Women's Title: Charlotte vs. Asuka

This is a long term issue.

Smackdown Women's Title: Charlotte(c) vs. Asuka

While the Raw Women's Title match is built up as a definitive end for the Bliss vs. Jax feud, this one is more about the long term storytelling. Asuka's undefeated streak is one of the best streaks of all time and now she's likely going to win a main card title. However, the question then is who stops Asuka down the road. Is it Ronda Rousey down the line or Charlotte here?

But yeah, I'm not going with any kind of a surprise here as I'm taking Asuka winning the title here as Charlotte can get a rematch in a month or so. Asuka can defend a few times before setting up the real showdown with Rousey either at "Summerslam 2018" or "Wrestlemania XXXV" but she wins here. Charlotte will be fine and a heel turn with her chasing the title could be interesting as well.
