

The Royal Rumble Picks Are In

And we have two Wrestlemania title matches. Becky Lynch interrupted Ronda Rousey and picked her while Seth Rollins picked...well no one, but Brock Lesnar laying him out with six F5's while Daniel Bryan didn't shot up made things pretty clear.

I'm fine with this and rather happy actually as there's no point in dragging things out when the picks are clear. Let the matches be made up and then let the people get into mini feuds before we actually get to New Jersey. Rousey vs. Lynch should be good and Lesnar vs. Rollins...well it'll exist and likely be good, though the interest isn't going to look great.
