

# Dean Ambrose Leaving WWE After Wrestlemania

<https://wrestlingrumors.net/shaneo/wr-breaking-ambrose-leaving-wwe-mania35/>

I mean really, can you blame him? After the big angle with Rollins, everything has crashed hard. It's like he was ready to run and then got caught by a leash, which has happened time after time. If Ambrose can be happier on the independent circuit or in some other company, good for him. I like the guy, but if he's not happy then he should leave after one more big payday.
