

# My Wrestlemania Week Schedule

So for the first time in four years, I won't be going to the show itself. Therefore, I'm more than available for a ridiculous amount of indy shows, which is what I'm going to be doing. In this case, I've looked at the schedule for shows that are available online in one platform or another and put together a list. I've come up with twenty shows (not counting WWE/NXT) that I'm going to be trying to squeeze in. I also have four shows that look good and if I can squeeze them/find them I'll do them as well. I make no secret of the fact that these will not be done by the end of Wrestlemania but I'm going to be reviewing more and more than I did since the old days when I would do three (or more) pay per views in a day (the day I did five Saturday Night's Main Events still haunts me). I've only vaguely heard of some of these promotions/wrestlers but that's what something like this is for.

For the sake of some surprise/me not going insane and not doing them/not being able to find them, I'm going to leave these under my hat (which is hanging on a shelf so it's hard to keep them there) so stick around and see what I've got planned.
