

Smackdown Talent Not Making It Back In Time From Saudi Arabia

They do have a backup plan though.

GEE! WHO WOULD HAVE SEEN THAT COMING??? Sorry just had to get that out.

So yeah they're not making it due to mechanical issues and, since it's about a 14 hour flight, they're not making it back. WWE.com announced a show featuring Daniel Bryan, the Miz, Dana Brooke, Nikki Cross and surprises. I'm sure FOX is THRILLED with this ragtag roster, but money talks and the Saudis are more important apparently. Until they tick WWE off enough that the talent won't go, but how could that ever happen?
