

# Possible Delays Due To Weather

I'm sick of all of these things holding up the reviews but my area is about to get smashed by an ice storm and there's a really good chance that my power will be knocked out. If that's the case we'll probably be heading to a hotel, but I have no idea how Dynamite and NXT will be going tonight. I'm sorry for the delays but I'll do them as fast as I can.
