

# Missing Comments

Apparently some of the comments from regular users have been being sent to the spam section for reasons I'm not clear on. I'm very sorry for this and I assure I'm not A, ignoring you or B, sending away comments I don't like (I never do that, save for some kind of spam or a comment on there to insult etc). If I don't get back to you for whatever reason, please let me know and I'll get to it immediately. I'll be checking the spam section more regularly too as I didn't realize there was a problem.
