Joey Janela's Spring Break: The Immortal Cluster****

Ah this show. I have no idea what to expect from this show and that is what makes it so fun. This show is more or less the big song and dance medley to end Wrestlemania Weekend as there are probably 50 or more people thrown into a totally ridiculous battle royal, which will probably last about an hour and a half at minimum. Other than that there is a violent cage match and that's the whole card. Let's get to it.

[Here is Night One if you need a recap.](#)

The opening video looks at Otis Cogar attacking Matt Tremont, who swore revenge. Tonight, they're in a cage.

Opening sequence.

Ultraviolent Title: Otis Cogar vs. Matt Tremont

Cogar is defending in a cage with a bunch of weapons available. They slug it out to start instead of going for the weapons, with Cogar being sent into a pane of glass. Cogar is whipped face first into some light tubes and it's already time for the fork to the head. It works so well that Tremont does it again and again but Cogar gets in a light tube shot. Tremont gets sent through a barbed wire board and then has a pane of glass broken over his back.

Some plastic baseball bats, covered with tacks, whack Tremont some more to draw even more blood. Cogar whips out a blade to

pick the tacks out of Tremont's head and then slices the webbing of Tremont's fingers. The chair is put on Tremont's head and Cogar goes up, only to get knocked back down. Cogar is Death Valley Drivered through a door and Tremont tapes him to the rope.

Tremont breaks a bunch of light tubes over Cogar's head, which brings out Atticus Cogar and Christian Napier. The former's distraction lets Napier get inside to chair Tremont down. Tremont fights back but Otis chairs Tremont in the head. Otis goes up top but misses a moonsault into the glass. Atticus and Napier get taped into the corner and Tremont chairs them in the head for a bonus. Tremont puts a bundle of light tubes on Otis' chest and hits a frog splash for the pin and the title at 16:25.

Rating: D+. Yeah...not my thing. It was pretty much exactly the kind of stuff I can't stand with this with blood and gore for the sake of blood and gore. That's exactly how it was advertised, but dang this stuff plays into every stereotype this genre has. Tremont is a big star in this world and it's a big win for him, but it's just not for me.

Since cleanup takes a long time, we look at a bunch of stuff from Spring Break X, including:

The Invisible Man defeating Sandman in Sandman's retirement match

Marko Stunt/Jack Perry beating KJ Orso/Sam Stackhouse, with ring announcer Emil J getting involved

Effy beating Allie Katch to end her GCW career

Atticus Cogar beating Hayabusa to retain the World Title

Brodie Lee Jr. beating Joey Janela in the main event

We get highlights of Bear Bronson winning the Nick Gage Invitational over Otis Cogar in December 2025.

We look at John Wayne Murdoch beating Vipress in a death match in March 2025.

We look at shows from last year.

We look at Brodie Lee Jr. winning last year's Cluster.

We look at a six person tag in July 2025 with Megan Bayne beating up some men.

We look at 1 Called Manders losing a match in Japan in July 2025.

We look at Bustah And The Brain winning the Tag Team Titles last year at Spring Break.

We look at more of the six person tag.

We take a quick look at one match in the two day JCW vs. GCW war.

We look at the last two Tag Team Title changes.

We look at a six person lucha tag from December 2025.

We look at Jordan Oliver vs. Frankie Kazarian from September 2025.

The Tournament Of Survival is coming.

We look at a show in Japan in July 2025.

We look at a show in Japan in August 2024.

We look at another show in Japan in August 2024.

We look at the first Cluster.

We look at a third show in Japan in August 2024.

We look at a show in Japan in July 2025.

We look at the first August 2024 Japan show again.

And now, about fifty minutes after the previous match ended, we cluster.

Immortal Clusterf***

There are an unknown number of entrants with unspecified times. You are eliminated via pinfall, submission, over the top, leaving the building or death. Also note that the numbers are likely to be all over the place as you'll see groups of wrestlers enter together. The eliminations will be a mess too as you'll see people sitting around for long, long stretches without doing anything and then getting back in.

Man Like DeReiss is in at #1 and Marcus Mathers is in at #2, with the former rapping himself to the ring and the latter being carried. They go with a pinfall reversal sequence for one each before running the rope rather quickly. Mathers hits a dropkick and they both go through/underneath the ropes to the floor. Sam Holloway, with Alex Abrahantes, is in at #3 and starts kicking away. Bustah And The Brain are listed at #4 and come in about ten seconds after Holloway.

Everyone but DeReiss goes after Holloway and knock him to the floor as the Backseat Boyz are in at #5. The tag teams get in a double brawl as Holloway beats Mathers around the arena. JP double Blockbusters Bustah And The Brain as the Boyz's manager gets inside. She moonsaults onto a bunch of people on the floor and Tom Shire is in at #6. A double chokeslam gets rid of the Boyz and it's Holloway vs. Shire as Shotzi Blackheart is in at #7. Mathers clotheslines Holloway out and Blackheart gives DeReiss an X Factor.

Brick Savage, also with Abrahantes (who says almost the same thing) is in at #8. Savage beats up DeReiss and Mathers before powerbombing the heck out of Blackheart. Shire comes back in to boot Savage in the face and everyone is down as Nate Webb is in at #9, meaning we get the Teenage Dirtbag entrance, always a highlight of this thing. He's just getting going

though and it's B3cca and her tag team in at #10 to beat up Webb. Kingsley and I want to say Shay Cassidy are in at #11 and do their own singing entrance to cut off B3cca's song.

Ro and Jui (Mariachis) are in at #12 to clear the ring and give B3cca a swinging Boss Man Slam. DeReiss grabs the mic and asks what in the name of gimmick infringement is this. Kingsley says they need to stop fighting because they're all in this together. And then they sing We're All In This Together from High School Musical. KJ Orso is in at # 13 and says no one wants to hear them sing and dance so everyone beats on him. Blackheart knocks DeReiss out by mistake though and it's Sam Stackhouse in at #14.

Ro Jui are out, with Stackhouse also getting rid of B3cca's goons. B3cca eliminates herself and Orso gets rid of Webb. Kingsley and Cassidy are out, the latter off a kick to the head/piledriver combination. Savage comes back in to plant Orso but Stackhouse dumps Savage out. Savage is back up to get rid of Stackhouse though and it's 1 Called Manders in at #15. Manders and Shire get in the ring as a bunch of people get back in, including Bustah And The Brain. The teams slug it out and it's Flyin Ryan O'Neil in at #16 to beat up Orso.

Wyatt/Wayne Rhodes, the nephews of Cody/Dustin Rhodes, are in at #17. They start fast with Shattered Dreams to O'Neil and Mathers before staring down Manders and Shire. Fans: "COWBOY S***!" O'Neil keeps messing with them and gets tossed out, with Stackhouse still there to catch him. Mathers is out and it's Bustah And The Brain beating up the Rhodes, with Wyatt eliminating Wayne by mistake. An assisted Blockbuster pins Wyatt and the Rhodes are gone.

Brook Havok is in at #18 and strikes away at Shire. Manders is back in to take Havok down and it's Dark Sheik in at #19. They team up to beat on Manders, stop to kiss, and then beat up Orso. Matt Mako is in at #20 to strike away at Orso, with an elbow getting two. A powerbomb gets two on Sheik and Beastman

is in at #21. Beastman powerbombs Havok onto Mako for a double pin and Sheik's top rope dive bounces off of him. Sheik manages to knock him to the apron though and a 619 to the back of the head gets rid of Beastman.

Sean Ross Sapp of all people is in at at #22 and yells at Bryan Alvarez, who is in the front row. Alvarez is in at #23 and chops away at Sapp. Alvarez hits a superkick to pin Sapp but Orso kicks Alvarez for the pin and then throws him over the top (Emil J: "Bryan Alvarez has been eliminated. Twice."). Blackheart kicks Orso low and tosses him out and it's Stunt Marshall (from freaking Power Slap) in at #24.

Juicy Finau is in at #25 and teases a slap off with Marshall, who pokes him in the eye. That earns Marshall a slap out of the ring so Manders gives Finau a slap on the back of the fights. Finau eliminates Manders and Hollyhood Haley J is in at #26. Marshall gets back in to eliminate Finau and Killer Kelly is in at #27. Airica Demia is back in at #28 and goes after Sheik as Gisele Shaw is in at #29. The women all get together to kick each other down, with Shaw getting up first to toss Demia.

Kelly gets up and starts biting people before leaning over the ropes to offer herself for some biting as well. The other four oblige her but also eliminate her, which shouldn't be a surprise. Shaw and Sheik eliminate each other and it's Jazzy Yang/Terry Yaki/Jay Lucas/Bobby Flacco in at #30. Alex Abrahantes is back and introduces his third entrant: the Invisible Man.

The Man beats up Yang and company before tossing out Bustah And The Brain. Manders gets lariated and tossed as well but Shire gets Man in the airplane spin. A big boot misses though and Shire is tossed. Man drops Yang for the pin and tosses Lucas out before getting rid of Flacco as well. The Man flies through the air for a DDT to Yaki for the elimination. Helix/Channing Decker/Ian Maxwell/Emily Jaye are in at #31 and

get beaten up by the Man, who knocks Maxwell out.

Helix is tossed but Jaye hits Man low. Jaye and Decker double team the Man but he ducks a shot, causing them to kiss. A rollup finishes Jaye and a chair shot gets rid of Decker. Enter Sandman starts up but it's Joey Janela in at #32 instead. Janela slams the Man down and a brainbuster onto the turnbuckle gets two. Man is back with four straight Canadian Destroyers for two. Janela says I'm sorry, I love you and superkicks Man for the pin.

Starman, who was at the WrestleCon Supershow and seemed to be portrayed by Janela, is in at #33. Starman gets frozen though and gets unmasked as Starboy Charlie, which wakes him up. A kick to the face and standing corkscrew moonsault gets two on Janela. Charlie's standing hurricanrana pins Janela as Blackheart comes back in. A powerbomb plants Charlie for two and it's Jimmy Lloyd (who is apparently rather different than usual) to beat up Charlie and flip him down for the pin.

Don Freeze is in at #34 and crushes Lloyd in the corner, followed by a northern lights suplex. Maya World is in at #35 and puts some sunglasses on Freeze but can't roll him up. World hits a superkick and moonsault for two on Freeze as Lloyd is back in. LJ Cleary is in at #36 and hits Freeze low. Monmoth is in at #37 and hits a Thesz press on Cleary to hammer away. D'Lo Brown, doing guest commentary, is in at #38 and eliminates Cleary. The Sky High plants Freeze and Brown tosses him out.

Monmoth says he doesn't know Brown, which isn't working for Brown, who tosses Monmoth out. Brown isn't sure what to do with World, who slaps Brown in the face. She tries a hurricanrana, which is blocked at first but eventually gets rid of Brown, leaving World alone in the ring (I have no idea who else might be left). Nixi XS is in at #39 and kicks World out underneath the ropes.

Sleepy Ed is in at #40 and everyone starts whispering as he takes his nap. XS tries to cover him but has to fight out of his sleeper (I sense a theme here). Then she tells him to wake up and stomps in the corner as Sam Osborne and about five others from Australia are in at #41. Blackheart is back up as the team is already fighting among themselves. And now...here are three dinosaurs in at #42.

The dinosaurs slug it out with the Aussies and toss two of them before pinning Osborne. Thee other Aussies are out and Ed is up to spit Nyquil at two dinosaurs. A third tries a full nelson but doesn't have the arms. Instead Ed Nyquils that one too and "the dinosaurs have gone extinct." Parrow is in at #43 so Ed goes to sleep. That leaves Parrow to slowly roll him over for a VERY quiet near fall. Logan Cavazos is in at #44 as "the twink gauntlet" (their words, not mine) has begun.

Juni Underwood is in at #45 and pokes Parrow in the eye to little avail. Anakin Murphy is in at #46 (Parrow: "GIVE ME ANOTHER TWINK!") and Cass (I think) is in at #47. Emil J: "THE TWINKS HAVE BEEN UNLEASHED!" They go after Parrow, who tosses them all in a row. Classy Ali is in at #48 and is tossed just as fast. Sal Mistretta, with his football, is in at #49 and gets the same treatment. Cereal Man (with a head made of box of cereal) is in at #50. Parrow gets some Frosted Flakes poured in his mouth but Cereal loses his gear and gets tossed.

XS comes in to go after Parrow's nipples and hits some gyrating knees in the corner. Parrow tosses her as well and it's CPA in at #51. Parrow goes to toss him but only steals his tie. CPA puts a tie on Parrow's tights and is quickly knocked down. Bear Bronson is in at #52 for a Black Hole Slam to Parrow and it's Debbie Forza in at #53. They get together and dump Parrow, with Forza kissing Bronson and then Jackhammering him for the pin. Haley J (Remember what I said about people doing nothing for long stretches?) is back in to knock Forza down and it's 25 Cent in at #54.

A stomp to Haley's foot lets Cent roll her up for the pin and it's Jimmy Lloyd (The...original? Commentary is confused too.) in at #55. A Michinoku Driver gets rid of Cent...and the other Lloyd gets in for a fight. A flipping slam pins the "real" Lloyd (the one who was in first) and it's Heath in at #56. The Zig Zag gets rid of "the fake Jimmy Lloyd" and it's Mullet Man in at #57. Heath kicks him down and hits a big boot and legdrop for two. Tombstone Jesus (oh dear) is in at #58 and teams up with Mullet Man to get rid of Heath.

Forza gets back up to spear Jesus out and Shotzi helps her get rid of Mullet Man. Vipress is in at #59 and kisses Blackheart while loading up Sister Abigail. Forza breaks that up so Vipress and Blackheart kick her down as Frank The Clown is in at #60. Since he's one of the most annoying commentators I've ever heard, he gets a mic to complain about how he's been treated so badly over the years. The three women hit him low and give him a big stomping as Slade is in at #61. Slade throws Frank in a trashcan and Frank is declared "dead".

Slade goes after CPA (who takes off his first shirt) and a team called the Production is in at #62. The three women toss them out rather quickly and then jump Slade. Tara Zep is in at #63 and grabs a chair to beat on the bleeding Slade. Zep DDTs her way out of Forza's gorilla press and it's Toby Klein in at #64. That means a slow entrance and it's Connor Claxton, with his own chair, in at #65.

Claxton slams Zep for the elimination and it's Dr. Redacted, with his barbed wire board, in at #66 as the final entrant. Commentary says he's #69 and after almost two and a half hours, I'll go with that. Redacted gets rid of Claxton and hits Forza with a chair. Forza is out and Redacted goes up to dive...and eliminates himself. CPA loses his second shirt and gets kicked low, with Blackheart being chokeslammed onto him. Slade tosses CPA and Vipress, leaving him alone with Blackheart. Some chair shots to the back have Blackheart in trouble but she tosses him out for the win at 2:30:00.

Rating: B-. I mean...it's the Cluster. What in the world do you want me to say about something like this? The whole point is just to have every wrestler or gimmick that they can find and throw them out there and yeah of course it works. It's just goofy fun and while it goes on for the better part of ever, I still enjoy it every year. Fun stuff, as always, with the winner being little more than a detail.

Overall Rating: C+. Again, this isn't a show where the rating means a single thing and I think you know that by now. The point of this show is to do something ridiculous as the big GCW show was over last night. I had enough fun with this and that's all I can ask for. It's nothing that would work most of the time but in this spot, it worked rather well. If you like this stuff, you'll like this and if not, I totally get it.
