

About

Greetings all. Yeah I know a lot of people say that but I've always liked it.

My name is KB and welcome to my site. As you can probably already tell, I like to review wrestling shows. I mean I REALLY like to review wrestling shows. Since I began doing this I've put together over 5000 reviews, many of which are posted here.

Each week I'll be reviewing Raw, NXT, Impact, Smackdown (at least) and Pay Per Views when they occur. On the days when none of those air, I'll put up something from my old stuff. In other words, there will be new content up here every single day barring something odd. Enjoy everything please and leave a comment on anything you want to.

A little about myself: I've been a wrestling fan for over 20 years and by my calculations have seen well over 40,000 matches. I've seen every Pay Per View from WWE/F, WCW, ECW and TNA. I've seen the vast majority of their television shows and have seen other various matches and shows from throughout history. While I may not be an expert, I think I have a decent knowledge of the sport in general and hope to show off some of that here.

Anyway, check out what I've got and enjoy. Also, I love talking about this stuff so don't hesitate to call me out on something. I'd love to argue anything I say on here. If you ever want to get in contact with me, email me at kbwrestlingreviews@hotmail.com or just drop me a comment on here.
