

# New E-Book: WWE Grab Bag

Over the years WWE has aired a lot of pay per views and major shows. You've probably seen most of the big ones, be it Wrestlemania, the Royal Rumble, Summerslam or Survivor Series. Those shows are always hyped up and treated as the biggest shows of the year but what about the other shows? Just because something isn't treated as something very important doesn't mean that it shouldn't be looked at again as there is almost always something hidden in there worth checking out.

In this book, I'll be taking a look at forty WWF/E specials airing over a period of over thirty years. These shows include pay per views, big time house shows that were taped for TV and live WWE Network specials. I'll be including play by play and analysis as we take a look at a long series of shows that you might have forgotten about as some of them weren't the biggest shows in the world but they're certainly worth checking out. These are all new reviews that were specifically done for this book.

**The book sells for \$3.99 or the equivalent in other currencies. In case you don't have a Kindle, there are plenty**

of **FREE** apps you can get from Amazon for pretty much any electronic device, all of which are available at this [link](#).

[You can pick up the book from Amazon here.](#)

[From the UK Amazon here.](#)

[From the Canadian Amazon here.](#)

Or if you're in another country with its own Amazon page, just search "KB Grab Bag" and it should be the first thing to come up.

Also you can still get any of my previous books on the WWE Championship, the Intercontinental Championship, Monday Night Raw from 1997, 1998 and 2001, Monday Nitro from 1995-1998, In Your House, Summerslam, Starrcade, ECW Pay Per Views, Royal Rumble, Saturday Night's Main Event, the WWF and WCW pay per views from 1998, Wrestlemania, NXT and Clash of the Champions at my author's page [here](#).

I hope you like it and shoot me any questions you might have.

## Pick A Summerslam Redo

As is always the case I'll be doing last year's show but you can pick the show I redo this year. 1998 was done last year so that's out of the running as well. This will be a fresh redo and not just a reposting of one I did years ago. Vote in the comments.

# Comments

For some reason I'm not getting emails when someone posts a comment so I've been having to check each one on my own. Please bear with me if I can't get to them as fast as I normally do.

## **New E-Book: NXT: The Full Sail Years Volume II**

I think it's safe to say that you've heard a thing or two about NXT. Over the last few years the promotion, originally designed as little more than a dumping ground for the young talent brought into the company, has become the hottest promotion in the world. The weekly TV show has become a highlight and must see for most wrestling fans as new talent from all over the world shows up, almost making it an independent all-star promotion under the WWE banner. This isn't even starting to look at the live specials on the WWE Network.

In this book, I'll be taking a look at over one hundred and thirty NXT shows, including every live special they've aired to date. This ranges from the first live special in February 2014 with Arrival and goes all the way through Takeover: Dallas with every episode of the TV show included in between. I'll be including play by play and analysis as we take a look at what helped make NXT the hottest thing in the world of professional wrestling. Also, all of the live specials have been redone with new reviews.

**The book is the longest I've ever put together at over 580 pages on a Kindle and sells for \$3.99 or the equivalent in other currencies. In case**

you don't have a Kindle, there are plenty of **FREE** apps you can get from Amazon for pretty much any electronic device, all of which are available at this [link](#).

## **Attack On Wrestling Podcast Live Episode #2**

I appeared on this show with Killjoy last Saturday night and completely forgot to mention it. It's the two of us talking about Wrestlemania weekend and my experiences there. There are some tech issues at the start but give it some time.

## Back Home

Made the drive from Dallas back to Lexington today so things should be back to the normal schedule starting Thursday. I've already got the Wrestlemania pre-show done so I'll start on the beat of a show tomorrow.

## Wrestlemania Week Schedule

In case you haven't heard, the wife and I are heading down to Dallas for the weekend for Wrestlemania and associated acts.

We'll be taking in Takeover: Dallas, Axxess on Saturday, Axxess again on Sunday morning where we get to meet Shawn Michaels himself, then Wrestlemania and of course Raw the next night. Just like two years ago, things are going to be a bit slow around the weekend as I can only get in so much reviewing while I'm in the hotel. This is also our honeymoon so she's actually expecting me to spend time with her instead of something important.

Therefore, the reviews are all going to be a bit behind but I'll be making posts for discussion before we leave and I'll put up a quick live recap/thoughts on each show after we get

back to the hotel each night. Once I get back home I'll be looking at the shows in full for the regular reviews.
