

1998 Monday Night Raw E-Book On Amazon

It's finally up and available for sale. This is my first try at this and odds are I didn't do it as well as I had hoped. Please check it out as it's only \$5 for 240 pages worth of reviews. That's probably more than you spend on lunch every day and since odds are you're most likely eating something unhealthy, buying this instead will prevent you from having a heart attack and dying by one extra day.

From what I understand this is available on all international versions of Amazon as well. If you're not from America, search "**KB's Complete 1998 Monday Night Raw Reviews**" to find it.

This is on a Kindle format but if you don't have a Kindle, there are **free** apps for just about every electronic device you could own. Here's a link to every possible one.

Down Time

Apparently last night a transformer blew up near my hosting company's headquarters, causing the site to be down for a few hours. As far as I know, everything is still the same and all

well and good. Let me know if you have any issues with anything working.

....It Didn't Even Last A Day

The views record that was set on Monday was broken AGAIN Tuesday. As you can tell I'm not often one to be short on words, but this is unreal. Thank you guys again. I don't know how to process this yet. When one record stands for nine months and then it's broken four times in six weeks, it's kind of a blow tot he head. Thank you all and I'll hopefully have the first E-Book ready on Friday.

Thank You All Part 9 Or So

Yet AGAIN the views record came down yesterday. I started this place a little over two years ago and I'm blown away by what kind of a response it's getting. You guys are awesome and I can't thank you enough for showing up here and reading my babbles. I really do appreciate it, even if I say this every week or so now.

KB On Kindle

Would anyone be interested in me making full series of my reviews available as e-books? I'd throw them on Amazon or something after fixing them up a bit. I'm talking the entire series (say all the Raws from 1998 for example which would be about 240 pages) for something like four bucks each. Even if you don't have a Kindle there are apps for them for almost anything mobile.

Would anyone be interested in this?

Next Week: Five by Five

Stay tuned.

.....WOW

So on Monday, my page views for the site nearly broke the record for a single day but came up short. On Tuesday, the

record wasn't broken either. The record was DESTROYED, with Tuesday's total being a mind blowing 14% higher than the old record from three weeks ago. I don't know what's happened around here lately but the numbers are going through the roof and I couldn't be happier. Thank you all again and please keep coming around. I'm stunned by how well this has been going and I'll be around for as long as you guys want me here.

Website Plug

I know this isn't exactly the kind of content usually done on here, but if you or anyone you know is interested in nail polish/nail art, check out horcruxnails.com. It's run by someone very talented and if you've never seen what can be done with nail polish, you might be surprised. Check it out if nothing else to see some cool art stuff with a good name.

Added An On This Day Page

On the right hand side of the screen where the other pages of reviews are listed, you'll now find an On This Day page listed

where you can find a link to every show in the series posted.
I'll keep it updated daily

Question For You Guys

Lately I've been posting more stuff about news in wrestling. I know the name of this place is kbwrestling**reviews**, so do you guys want me to keep posting stuff about the news in wrestling as well? I don't mean stuff that's huge, but rather stuff like Rosita and Sarita being gone or Tyson Kidd getting injured and being out for 10-12 months. It doesn't take long to put those things up at all and more content is always good for me. Should I keep doing that or stick with just reviews and major stories?
