

# Redone Survivor Series Reviews Start In A Week

I've got the first ten done and I'm working on the Screwjob show. I'm having a blast doing these again.

## Somewhat Big Announcement

In the immortal words of one of my heroes Lucille Ball, I've got an idea. I've already started this, but starting October 24, I'll be posting NEW versions of the Big Four PPVs. Just like I do every year, I'll be counting up to the new Survivor Series, Royal Rumble, Wrestlemania and Summerslam, but between now and the time the count-ups begin, I'll be rewatching and re-reviewing ALL of the shows. Those were the first reviews I ever did and I'm really not that happy with the quality levels, so I think it's time for a redo. before anyone asks, no, I won't be doing any other PPVs over again. Most of them other than these are from when I had a better idea of what I was doing. The other ones from this time period are In Your House, and I don't think people (myself included) care enough to have those redone.

# Sorry For The Lack Of Posts This Weekend

I've been a bit busy and had a bad case of writer's block on a new I Want To Talk A Little Bit About. Things should pick up this week.

## All Reviews Page Changed

It occurred to me that the All Reviews page was insanely long and I thought it was getting hard to navigate. I've installed a new thing on the right hand side where you can click on whatever category you like and you'll go to the same kind of list but only for the category you're looking for, such as WWE or TNA or whatever. You won't have to go through the big long list of them and it looks a lot neater. The regular All Reviews page is there still too if you prefer it.

## Site Change Coming

It's come to my attention that the template for my site keeps me from being able to do a lot of the things I'd like to so

I'm going to change a few things. It'll be all of the same content but just a different look. I'll be in full control of it and things will still be like they are now and not like they were over the summer.

## **New Feature**

Stole this idea from a friend of mine. On the right hand side of the screen near the top you will now see a box with a random review link in it. If you would like another one, just refresh the page and a new random review will appear. I hope it's something you all enjoy.

## **Advertising**

I've been trying to come up with ways to make a few more bucks off here and I figured I might try this.

Would anyone be interested in renting/buying some ad space here? Maybe for a website you run/something you work for etc. If you're interested in having an ad here like the FansFan one, e-mail me at [kbwrestlingreviews@hotmail.com](mailto:kbwrestlingreviews@hotmail.com) and

we can talk about setting you up with something. It can be for as long or as short as you would be interested in. Please keep in mind I have the right to say no to you if it's something I wouldn't be comfortable plugging. There will be a page link on top of the site about this permanently.

## **Was It Really That Bad?**

I've been looking at my numbers for page views since the old design came back and they're roughly 40-50% of what they were before the change.

Was the new design really that bad?

---

## **All Caught Up.**

There are approximately 85 new posts up but I'm all caught up with the stuff I did on the other version. The All Reviews page is completely caught up.

# It's Back!!!

Thank goodness. I appreciate the effort from Fan vs. Fan but to say the least, it didn't quite fit. This is going to be kind of a stopgap for awhile because I plan on having a new design in the upcoming weeks, although this is going to be 100% designed and maintained by ME. It'll look like a website rather than a blog and if that doesn't work, I'll change it back to this permanently.

As for differences, I'll have to update all of the reviews I did while I was on the other server, so that'll take awhile but I have them all ready to go. I'm hoping to have them all back up by tomorrow at the latest.

Table of Contents will be updated regularly.

Hopefully I can update my Facebook page again.

I CAN SEE COMMENTS AGAIN!!!

Are there any other questions?
