

Upcoming Maintenance

Apparently the company that hosts my site is going to be doing some maintenance on the servers Saturday night at midnight EST. No word on the length of time the site will be down but odds are it won't be that long. Just to be clear though: everything is fine and the site will be back up a few hours (presumably) after it goes offline.

I'm Going To Be A Guest On A Radio Show

It's to promote the book and talk about whatever is going on at the moment. The show starts at 7:30 and runs until about 9. I should be on at about 8pm EST tonight. Here's the address:

Call in if you want to ask me something or anything like that.

Pick The First DVD Review

It can be any WWE DVD ever. These are going to take a bit longer to get through so it won't be airing for awhile. It can be anything and first to three votes wins.

DVD Reviews

Is this something you all would be interested in? I would review the match selections on a WWE DVD and talk about the documentary a bit as well. Reviewing a documentary isn't exactly easy to do but it's possible I guess.

1998 Monday Night Raw E-Book On Amazon

It's finally up and available for sale. This is my first try at this and odds are I didn't do it as well as I had hoped. Please check it out as it's only \$5 for 240 pages worth of reviews. That's probably more than you spend on lunch every day and since odds are you're most likely eating something

unhealthy, buying this instead will prevent you from having a heart attack and dying by one extra day.

From what I understand this is available on all international versions of Amazon as well. If you're not from America, search "**KB's Complete 1998 Monday Night Raw Reviews**" to find it.

This is on a Kindle format but if you don't have a Kindle, there are **free** apps for just about every electronic device you could own. Here's a link to every possible one.

If you have any other questions please let me know.

Down Time

Apparently last night a transformer blew up near my hosting company's headquarters, causing the site to be down for a few hours. As far as I know, everything is still the same and all well and good. Let me know if you have any issues with anything working.

....It Didn't Even Last A Day

The views record that was set on Monday was broken AGAIN Tuesday. As you can tell I'm not often one to be short on words, but this is unreal. Thank you guys again. I don't know how to process this yet. When one record stands for nine months and then it's broken four times in six weeks, it's kind of a blow tot he head. Thank you all and I'll hopefully have the first E-Book ready on Friday.

Thank You ALL Part 9 Or So

Yet AGAIN the views record came down yesterday. I started this place a little over two years ago and I'm blown away by what kind of a response it's getting. You guys are awesome and I can't thank you enough for showing up here and reading my babbles. I really do appreciate it, even if I say this every week or so now.

KB On Kindle

Would anyone be interested in me making full series of my reviews available as e-books? I'd throw them on Amazon or something after fixing them up a bit. I'm talking the entire series (say all the Raws from 1998 for example which would be about 240 pages) for something like four bucks each. Even if you don't have a Kindle there are apps for them for almost anything mobile.

Would anyone be interested in this?

Next Week: Five by Five

Stay tuned.
