

# WWE Second Quarter Financials Coming July 31

Including updated Network subscribers. This should be very interesting.

## Thought of the Day: Oh Yeah That Happened

Regarding Brock Lesnar. So I'm watching Countdown (really fun way to kill an hour and a Tuesday tradition for me) and the topic is Returns. One of them is Brock Lesnar and someone said it was in 2012. It hadn't occurred to me that Brock's second tenure is actually longer than his first (he debuted the night after Wrestlemania XVIII and left after Wrestlemania XX).

One of the people talking about Brock coming back was Punk, and the first thought in my head was that Punk would know how awesome Brock is as Punk fought him at Summerslam. The same is true of Cena. Then I heard the year 2012 and I wondered how it could have been that long. Then I thought "oh yeah. He had that year long feud with HHH."

The trilogy between HHH and Brock Lesnar might have been the least interesting big match trilogy of all time. It's just totally forgettable and left no impact at all. It's sandwiched between the match of the year in 2012 and the match of the year in 2013 and means nothing, all things considered. The match headlined Summerslam, was the second main event at Wrestlemania XXIX and headlined Extreme Rules. That REALLY should be something memorable but there's just nothing there.

I remember Brock vs. Big Show better than I remember the HHH feud, and I literally couldn't remember Brock vs. Big Show two days after it happened.

## **Santino Marella Announces The End Of His In Ring Career**

Due to another neck injury. I'm sure he'll still be around to do, ahem, comedy.

---

## **Emma Reinstated**

According to WWE.com. This makes me feel better as it seemed like she really did just make a mistake. I mean, I have an issue believing she can't afford \$21 or whatever it was. I'm sure she'd rather have a stupid comedy bit about her instead of being unemployed.

# Emma Released

This really shouldn't surprise anyone, even though I found her explanation for what happened to make sense. If nothing else, it's a way to cut another salary without looking heartless. She'll get a job somewhere I'm sure.

# Emma Arrested Before Raw

For a freaking iPod case? Seriously?

# Intercontinental Title Vacated

Due to Barrett's shoulder injury. There will be a battle royal at Battleground for the title.

# Josh Matthews Looks To Be

# **Gone From WWE**

He's now in the Alumni Section. This interests me far more than most of the wrestlers they released a few weeks back.

## **Bad News Barrett Injured, Money In The Bank Status Unknown**

Barrett injured his shoulder at Smackdown by falling on his shoulder. He appeared to be in severe pain but there's no word on if he'll be out of action.

## **Second Money in the Bank Match Announced**

Because WWE writers are lazy and need a crutch to get a World Title change going. Seth Rollins is the only announced participant so far.
