

Thought of the Day: The Revolving Door Of Divas

Two parts to this one. First of all, WWE has put out another stupid top ten list, this one being top ten Divas moments at Wrestlemania.

Not a single one of the Divas in this video are full time wrestlers for WWE anymore.

Second, and more pertinent, I was watching a show setting up Wrestlemania last year and none of the three Divas and none of them are even in WWE anymore. Think about that: in a year the top of the division has been completely eliminated. And yet they wonder why no one cares about these girls.

Maria/Kelly b. Beth/Eve

When the celebrity is probably better in the ring than Kelly, she's got a problem.

Wrestlemania #28: Divas Tag Match – Maria Menunos/Kelly

Kelly vs. Beth Phoenix/Eve Torres

Can Maria wear the Giants bikini? So this is the celebrity match this year and it's with the girls. The Divas Title hasn't meant anything, even though Beth has held it for what, six months now? The story that's going on from Smackdown would suggest that AJ is the next champion but that's months in the future. Here though, I can't imagine the celebrity loses. Has one of them ever lost at a PPV? On second thought, does it matter either way? This is there for a chance to give people a breather between the major matches.
