A Few Updates

First of all I've added a Columns section to the quick links menu on the right. I Want To Talk A Little Bit About has pretty much been replaced by the columns so there needed to be a place where they were all collected.

Second, I gave Lucha Underground its own section on the All Reviews and Miscellaneous pages. They have almost twenty shows so it's long past time it had its own area.

New Column: OH YEAH!

This was originally going to be an "I Want To Talk A Little Bit About" when I came up with it about a year and a half ago but procrastination got in the way. It's perfect for something like this though which is why that series is practically retired.
