

Sorry For All Of The Delays

I've been under the weather for about two weeks with side effects of the Covid booster and now a nasty ear infection. The idea of wanting to do anything other than the major shows has left me very tired so some of them are a bit delayed. I'll be caught up soon though as I'm already on some medicine. Again, I'm sorry for being slow but when walking to the kitchen required a 20 minute rest, the energy isn't quite there for all of the reviews.

Thanks Again Everyone

Monday was again a record setting day here as I hit a new high in page views. The original (and by that I mean the first time I started paying attention) record stood for 9 months. This one lasted 26 days. Thank you all for that.

Two more things: 1. Just to brag a bit more, I was used as a source for the first time that I know of:

Click on the link about ECW's first show.

2. Starting this coming Saturday, I won't be reviewing as fast

for the next two weeks. Odds are the Rumble review won't be up in full but I'll likely be watching the show and I'll give my thoughts on it. Sorry for the delays but it's out of my hands.

Thanks again,
