New E-Book: KB's History of Summerslam

It's the biggest party of the Summer and one of the best series of wrestling shows ever. Summerslam started in 1988 and has gone on to give us some of the best matches in WWE history. It began as little more than a way to bridge the gap from Wrestlemania to the new Survivor Series pay per view but soon took on a life of its own.

Over the years there were such classics as Shawn Michaels vs. Razor Ramon in a ladder match, Bret Hart vs. Mr. Perfect, The Rock vs. HHH in a ladder match, the first ever TLC match, Triple H vs. Shawn Michaels, John Cena vs. CM Punk, Undertaker vs. Edge inside the Cell, Batista vs. John Cena, CM Punk vs. Brock Lesnar and John Cena vs. Daniel Bryan. The show was often a launching pad for new stars with Rock and HHH in particular going from midcard sensations to the top of the company.

In this new e-book, I look back at every edition of the show, breaking down each match, segment and show as a whole, providing analysis, history and my thoughts on why everything either worked or didn't work.

First and foremost, I want to thank my new graphic designer who did an amazing job putting together the new cover for me.

Check out his website and work at philkocher.com

The book is available from Amazon for just \$4 and runs 350 pages on a Kindle.

You can pick it up from Amazon [here](#).

Any two for \$7 (Usually \$8)

Any three for \$10 (Usually \$12)

ALL SIX for \$15 (Usually \$24)

The books to pick from are:

Complete 2001 Monday Night Raw

History of the WWE Championship

History of Starrcade

Complete Monday Nitro Volume 1 (1995-1996)

This will be done a bit differently than usual. Since it would be nearly impossible to do this through Amazon, I'm going to handle this myself. If you're interested in one of these, send me an e-mail at kbwrestlingreviews@hotmail.com and we'll set it up through Paypal.

If you could, drop me a comment on here so I'll make sure to see your e-mail.

Hope you enjoy these,

Thank You All – E-Book Edition

Thank you all for picking up my e-books. In August my sales were higher than I had ever expected them to be and then in October they were 20% higher than that. Thank you all for taking a chance on my stuff and I'll be putting more of them out as long as you guys want them. Hopefully there should be a new one out by the end of

the month.

In case you haven't seen them or haven't heard of them, here's my Amazon author page with links to all five books I have out, including:

Complete 2001 Monday Night Raw Reviews

History of Starrcade

Please check them out as they're only \$4 each with the shortest being about 200pgs.

E-Book Feedback Wanted

This is something I just don't get, though I'm not complaining about it. I've been looking at my e-book sales (thank you all for buying any of them you have) and something is clear: the History of Starrcade is blowing everything else away in terms of popularity. Last month, when the prices were all equal, it sold more than the other three combined. Is it something about Starrcade or is it WCW or is it something else? Should I do more WCW shows?

Also in general what do you want me to cover in the future books?

Any answers are greatly appreciated
