

New Book: NXT: The Full Sail Years: From Dallas To New Orleans

What more is there to say about NXT? The promotion, which started off as nothing more than a developmental territory to build up some of WWE's stars, has taken on a life of its own. There have been more classic matches, more stars made and more great moments there than anywhere else in recent wrestling memory.

In this book, I'll be breaking down over one hundred more episodes of NXT plus ten live specials, ranging from the first show after Takeover: Dallas through Takeover: New Orleans. I'll also be breaking each one down match by match and segment by segment. Included will be analysis and ratings for the shows to see what worked and what didn't.

The book runs about 450 pages and is available on Amazon both in a physical paperback for \$11.99 or an e-book format for \$2.99. New E-Book: NXT: The Full Sail Years Volume II

I think it's safe to say that you've heard a thing or two about NXT. Over the last few years the promotion, originally designed as little more than a dumping ground for the young talent brought into the company, has become the hottest promotion in the world. The weekly TV show has become a highlight and must see for most wrestling fans as new talent from all over the world shows up, almost making it an independent all-star

promotion under the WWE banner. This isn't even starting to look at the live specials on the WWE Network.

In this book, I'll be taking a look at over one hundred and thirty NXT shows, including every live special they've aired to date. This ranges from the first live special in February 2014 with Arrival and goes all the way through Takeover: Dallas with every episode of the TV show included in between. I'll be including play by play and analysis as we take a look at what helped make NXT the hottest thing in the world of professional wrestling. Also, all of the live specials have been redone with new reviews.

The book is the longest I've ever put together at over 580 pages on a Kindle and sells for \$3.99 or the equivalent in other currencies. New E-Book – NXT: The Full Sail Years Volume I

In today's wrestling world, it's very common to see the exact same formula over and over with very few changes. A lot of fans are looking for something fresh and it's hard to find that anywhere. However, one place that you can find it is outside the top level. Down in Florida in the WWE developmental promotion, there is good, old fashioned, week to week wrestling and it's some of the best stuff going today. I'm sure you're familiar with names like Seth Rollins, Roman Reigns, Sami Zayn, Neville and Charlotte, but how did they get their starts down there?

In this book, I'll be looking at every the first year and a half of NXT, starting with their arrival in Florida at Full Sail University and wrapping it up just before they head over to the WWE Network. NXT started fast and quickly became one of the best wrestling shows around and it will be interesting to see how they got to where they are now. As usual I'll be providing play by play, context and analysis of every show.

The books runs over 400 pages on a Kindle and only costs .99,
