HIDDEN GEM: How To Make Jim Cornette Happy

It can be done. From OVW's The Last Dance on June 27, 2001.

Kenny Bolin and Synn (Jim Cornette's future wife) are in the ring and are VERY happy that Mick Foley was pulled from his guest referee spot in tonight's main event. Instead of Foley as the guest referee for Undertaker vs. Leviathan (Batista), it will be Diamond Dallas Page (currently stalking Undertaker's wife). Cue Jim Cornette to say that yes Page is here, but he isn't letting Page referee. Instead, we'll make it a tag match and Undertaker has a mystery partner.

Undertaker/Kane vs. Diamond Dallas Page/Leviathan

Date: June 27, 2001

Location: Louisville Gardens, Louisville, Kentucky

Attendance: 3,000

Commentator: Jim Cornette

We're joined late in the match with Kane getting over for a tag to Undertaker but the referee doesn't see it. The double teaming is on but Kane hits a double clothesline with Leviathan and the hot tag brings in Undertaker. Page gets crushed in the corner and everything breaks down. The double chokeslam connects but the Disciples of Synn come in to jump Undertaker and Kane for the DQ at 2:08 shown.

Post match Undertaker and Kane clean house as only they can. Undertaker thanks the crowd for coming out and is proud to be here on the last wrestling show in the venue.

Side story from this show. Originally this was going to be Undertaker vs. Leviathan but Undertaker was a bit banged up and couldn't do a singles match. The WWF said they would send Kane instead so Cornette was a bit relieved, but then he found out he was getting them both for the same original price because it was the WWF who said no to Undertaker doing a singles match. Believe it or not, Cornette was rather happy for once.

Best Of 2021 Awards Part 3 (Last Part)

We'll wrap it up with some sad parts of the year.

Worst Angle Of The Year

5. Karrion Cross Keeps Losing

4. Cody Rhodes vs. QT Marshall
3. Fiend/Alexa Bliss Exist
2. Nikki Ash
1. Lilly

I was going to go with Nikki, but then I thought of that doll. That stupid, rotten, horrible, no good doll, WHICH WINKED AT THE CAMERA AND THEN APPEARED IN A MIRROR. WWE went out of their way to destroy a lot of people and things for the sake of pushing the idea that Alexa Bliss had an evil doll. It was some bad horror movie come to life and I could not stand this stupid thing, which is somehow following us into 2022, because of course it is.

Angle Of The Year

5. CM Punk Is An Old Gunslinger
4. The Rise Of RKBro
3. Baron Corbin Is Broke And It's Hilarious
2. Hangman Page Wins AEW World Title
1. Whose Side is Paul Heyman On

WWE is pretty terrible these days but this is must see television. Paul Heyman is one of the greatest performers in wrestling history and the things he is doing in this story has been even better than I would have thought possible. Above all else, he made me want to see where the story was going next and it was nothing short of amazing to see every single week. The story is still going in the new year and I really want to see where these things go next. Or just whatever Heyman is going to do.

Worst Match Of The Year

5. Charlotte vs. Nia Jax – Raw – August 30
4. Randy Orton vs. Bray Wyatt – Wrestlemania
3. Alexa Bliss vs. Eva Marie – Summerslam
2. Miz vs. Damian Priest – Wrestlemania Backlash

1. Kenny Omega vs. Jon Moxley – Revolution

This is one where your mileage may vary, but ultimately, this was a bunch of barbed wire violence before the lamest ending you could imagine. It was like some sparklers going off in place of an explosion. Ignoring the total disaster of the ending, you had the carnage for the sake of carnage, all because AEW wanted to recreate some angle from Japan, down to Eddie Kingston trying to cover Moxley and selling the...well nothing really. This was bad on all fronts and is still somehow even worse than I remember.

News Story Of The Year

5. NXT Gets Its Own Sequel

4. Ring Of Honor Hiatus

3. Huge Stars To AEW

2. Fans Return

1. WWE Releases

I don't know how it could be anything else, as WWE did not so much take the roster apart but completely gutted the thing. Over the last year and a half, WWE has literally released over a hundred wrestlers. That isn't just going to shake up the WWE, but also the wrestling world as a whole. In addition to weakening the WWE roster, it opened up the flood gates to all kinds of other promotions. Several wrestlers have since moved elsewhere, which has made some other companies that much more interesting. This was a game changer, and the amazing part is it might not be done yet.

Feud Of The Year

5. Roman Reigns vs. Edge

4. Pinnacle vs. Inner Circle

3. Edge vs. Seth Rollins

2. Kenny Omega vs. Hangman Page

1. Roman Reigns vs. John Cena

This might have been short, but what mattered was how big this felt. That's the kind of thing you don't get to see very often, but Cena can make it work so well. Above all else, this felt like a feud that belonged in the main event of one of the biggest shows of the year. Then the match wound up working too, which shouldn't be a surprise. It wasn't long, but Reigns defeated Cena in a huge main event and it felt like a showdown.

Title Reign Of The Year

5. Bianca Belair – Smackdown Women's Title
4. Young Bucks – AEW Tag Team Titles
3. Bobby Lashley – WWE Championship
2. Kenny Omega – AEW World Title
1. Roman Reigns – Universal Title

The words "of the year" apply here, because Reigns was champion for the entire year. That is not something you get to see very often but it has been pretty incredible for a very long time now. Reigns comes off as the biggest star in all of wrestling and has been bringing people up just by association. This was an easy pick to make, because holding the title for a year is hard to fathom back in the day, let alone modern times.
