

Diamonds Are Forever

And so are we, assuming she lets me watch Battleground this Sunday.

Did A Guest Shot On A Podcast

Two buddies of mine run it and I got to be the first guest. There's a lot of talk about current wrestling, but a good chunk is dedicated to the WrestleZone Forums E-Fed, where you create your own character, write up a promo for him, and then a panel of judges decides whose promo was better (yours or your opponent's) and writes up a match between your characters. In this episode, I critique the e-fed a bit and talk about various things going on in wrestling today, ranging from the Bullet Club to Lucha Underground to WWE to the required ripping on TNA. Check these guys out as one of them is well read and the other.....well he tries.

Wrestling Wars Podcast Episode #7

Featuring me talking about a house show I went to earlier tonight, a very good opening rant on Vince Russo (the classics never die), and of course a discussion of 3 Count.

Wrestling Wars Podcast

Episode #4

NorCal and I break down Extreme Rules, talk about some NXT news and look at the week's top stories. We even disagree about something for once.

You Should Buy My E-Books

Really you should. I've been told they're quite good. Granted I was talking to myself but it was in fact said. I have quite the selection to pick from and all are available on Amazon Prime:

- [1. History of ECW Pay Per Views](#)
- [2. History of Starrcade](#)
- [3. History of the WWE Championship](#)
- [4. History of the Royal Rumble](#)
- [5. Only On Pay Per View 1998 \(Every pay per view from WWF and WCW in 1998\)](#)
- [6. History of Saturday Night's Main Event](#)
- [7. History of In Your House](#)

[8. Complete Monday Nitro Volume I – 1995/1996](#)

[9. History of Clash of the Champions](#)

[10. History of Summerslam](#)

[11. Complete Monday Nitro Volume II – 1997](#)

[12. History of Survivor Series](#)

[13. Complete 1998 Monday Night Raw](#)

[14. Complete 2001 Monday Night Raw](#)

All of them run over 200 pages and many break 400. That's not bad for under \$4 each. Check them out as I've yet to hear someone who doesn't at least like them a little bit. They're all e-books and can be read on pretty much any device and you can find free apps to read them on for almost any device [here](#).

Wrestling Wars Podcast Episode #1

Is now online. Come here the Mighty Norcal and KB talk about the week in review and KB himself because I'm an interesting creature dare I say so myself. The show runs just over an hour and the audio is far better than I was expecting it to be with just two fans talking about wrestling.

The show does have some salty language so headphones may be advised.

Check it out, spread the word about it, let me know what you might like to hear and any criticisms/critiques/gratuitous praise you wish to heap on us.

Wrestling Wars Podcast Update

We had our first dry run tonight and went over the format etc. Everything went very well and he's already set up a site for the show. Itunes is a work in progress at the moment but it looks like the show will be there in the near future. The debut episode will be recorded tomorrow night and hopefully put online within a day after that. We should have a schedule in place soon but I'll keep you all posted on new episodes coming up. Remember that I won't be on all the shows but I'm sure you'll get to know the regular host and want to listen to what he's got to say every week.

I'll keep you guys up to date and hopefully the first show will be up by Tuesday at the latest, but hopefully before Raw goes on the air.

I'm Going To Be A Regular On A Podcast

A buddy of mine is starting a podcast and has offered me a spot as a regular featured guest. The show will cover wrestling every week and another subject depending on the guest that week. I'll be one of two regular guests, along with another regular and a cast of rotating guests every third week. Like I said, there will be wrestling talk every week, plus stuff ranging from European history to fantasy football to whatever else he and his guests feel like talking about. He's a well rounded guy and has an interesting take on almost everything so no show is going to be dull.

The host is a veteran wrestling fan who can go toe to toe with me in wrestling knowledge and is far more in depth on the booking side of things than I am. We've talked wrestling for years so why not record it and put it on the internet? We're hoping to have the first show, with me as the guest, dropping early next week and I'd love it if you all would check it out and see what you think of it. I can assure you there will be good wrestling talk on there plus whatever else comes up with two guys that know and respect the old school of wrestling.

Check us out on the Wrestling Wars Podcast (tentative name), which should be debuting next week. I'll keep you posted but this is almost guaranteed to happen in the near future.

Anybody Want My \$25 WWEShop Gift Card?

I got it from WWE for being a first day subscriber to the Network and I'm never going to use this. It expires at the end

of June and it's going to sit there and expire. I'm willing to sell it for , meaning you get free. If you're interested email me (kbwrestlingreviews at hotmail dot com) and let me know. It's just a code so I'd be able to send it to you over email. I have no idea if this would work internationally so unless you know better, you might want to stay clear. I only have one of course so it's first come first serve. Also please let me know in the comments if you send me an email as I only check it every few days.

Ads Coming

So since I'm one of the most passive/lazy people you'll ever meet, I stopped getting money from the ads on here about a year ago and finally got around to setting up some new ones. Basically I survive on the e-book money and I'm getting married this summer so a bit more cash can't hurt. I'm sorry if they get on your nerves but they have to be there for my own sake.
