

# **Attack On Wrestling Podcast Live Episode #2**

I appeared on this show with Killjoy last Saturday night and completely forgot to mention it. It's the two of us talking about Wrestlemania weekend and my experiences there. There are some tech issues at the start but give it some time.

Well now all you have to do is click on the following link.

Killjoy, the official artist for my covers, has set up a page where he'll do whatever graphic design you may need. The guy is good and I've worked with him both for the site and the WrestleZone Forums for years. Check him out if you need anything at all as he's worth the money.
