

JTG Released

I....I don't know how to handle this.

Kassius Ohno Released

I can't say I'm surprised.

The guy got in hot water over his physique and has been doing nothing at all in NXT. He'll probably be ROH World Champion inside of a year.

Ted DiBiase Jr. Gone From WWE

This was announced much earlier today but I kept forgetting to talk about it. That should sum up my feelings about DiBiase being gone. Not a bad guy but he didn't do anything to separate himself from the pack.

Brooke Hogan Released From TNA

Doc Also Gone From TNA

Egads we might be having an epidemic. This is a surprise given how he's seemed to be in a story with Anderson and Knux. Odd indeed.

Tara Released By TNA

Another name gone, but it's not like she was doing anything. These roster cuts are a good thing for TNA given the ridiculous amount of people they have on board.

Matt Morgan Reportedly Gone From TNA

Given how he was supposed to be the next big thing for like six years now, I can't say I blame him a bit for wanting out.

Derrick Bateman Released

According to his Twitter. No real surprise here as he was about as generic in the ring as you could ask for. His character wasn't terrible but he wasn't interesting at all for the most part.

This might be the start of the annual spring cleaning releases but it's too early to tell.
