

I'm Not Sure What Happened

The site was gone all Saturday and then just randomly came back up really late Saturday night. I have no idea how it's back as I didn't do anything to it but it's back for now. I can't guarantee it won't go down again but I'll have a better idea of how to get it fixed by then. Thank you for your patience.

I'm back with NorCal and we're actually happy for a change.

Happy Anniversary

To me, as I started this place on December 8, 2010. For some reason I can never get the date right.

I can't believe it's been five years and the site has hit levels I never expected it to reach. Thanks to everyone for following me all this time and I'll be around as long as you'll have me.

Obtuse Wrestling Angles Podcast Appearance

This is my third appearance on the show in which we discuss some TNA. Note that this was recorded back in July so some of the jokes might be a bit dated. Also keep in mind that this is NOT safe for work.

Well That Didn't Last Long

So you might remember me mentioning a new record for ad revenue on Wednesday. That record didn't even make it until Saturday.

Thank you all again as I'm still not over Wednesday let alone today.

Happy Thanksgiving And Thank You Very Much

First of all, I hope you all have a safe and happy Thanksgiving. If you don't celebrate it, take a few minutes and think about the people or things that you're lucky enough to have. It's a nice thing to do every now and then.

Second, thank you all so much for being around so much this week. It's been by far and away my best week ever for the ad revenue with a new record yesterday in a huge surprise. That and the book sales going way up are making things a lot easier on me and meaning I can switch around and do some more fun shows instead of the stuff I have to do to draw the biggest audiences. It's a very nice break and makes this a lot more fun than it already is.

Thank you all so much and I'm very grateful to everyone who sticks with me for reasons that I'll never fully comprehend. When I see the amount of people that show up as soon as Raw or a pay per view is over, it often makes me shake my head at the thought that so many people want to see what I have to say about it. Thank you for checking out what I have to say every day because it actually has changed my life for the much better.

With both myself and Shocky at the same time. This week, we explain why WWE is being stupid all over again, plus why NXT could be the greatest thing since Sliced Bread #1.

New E-Book: KB's History of Wrestlemania

You might have heard about this one before. The show has evolved from a bigger than average house show in Madison Square Garden to a show that takes over a different major city each year as part of a week long event. It has been called the Granddaddy of Them All and the Showcase of the

Immortals and lives up to its reputation as the biggest and most important event of the year. In this book I'll be looking at every edition of the series and breaking down each show segment by segment and match by match. I'll be including detailed analysis, history and ratings for each match and show overall.

In this book, I'll be looking at every Wrestlemania to date, starting back with the glorified house show in 1985 and winding up in Santa Clara, California in 2015. Wrestlemania is a show with more prestige and grandeur than any other in wrestling history and now it's all collected here. These are ALL NEW REVIEWS and the last time I'll be doing them for a very long time. As usual I'll be providing play by play, context and analysis of every show.

The book is my longest ever at over 500 pages on a Kindle and only costs \$3.99, or the equivalent in other currencies. If you don't have a Kindle or e-book reader, there are several **FREE** apps you can use to read it on pretty much any electronic device. You can find those from Amazon [here](#).

You can pick up the book from Amazon [here](#).

From the UK Amazon [here](#).

From the Canadian Amazon [here](#).

Or if you're in another country with its own Amazon page, just search "KB Wrestlemania" and my book will be the first thing that pop up.

Also you can still get any of my previous books on the WWE Championship, Monday Night Raw from 1997, 1998 and 2001, Monday Nitro from 1995-June 1998, In Your House, Summerslam, Starrcade, ECW Pay Per Views, Royal Rumble, Saturday Night's Main Event, the WWF and WCW pay per views from 1998 and Clash of the Champions at my author's page [here](#).

I hope you like it and shoot me any questions you might have.
