

# New E-Book: KB's History of In Your House

KB's History of In Your House

My newest book is pretty self-explanatory. It's the complete history of In Your House, a WWF pay per view series that ran from May 1995 to April 1999. The series covers most of the New Generation and the first half of the Attitude Era and everything in between. There are some absolute masterpieces included in this series, ranging from the first Hell in a Cell to Canadian Stampede to Austin vs. Dude Love II to Shawn vs. Mankind and many others.

Also included is a look back at the story that kept the company afloat when WCW's boot was over the WWF's throat: the Border War. The majority of the story took place at In Your House, including the final blowoff in Calgary. There's also a good portion of the most famous feud of all time with the corporate Vince McMahon trying to suppress the rebellion being waged by Stone Cold Steve Austin. The feud defined the Attitude Era and carried the company to heights never believed possible.

In Your House was one of the most important pay per view

series of all time and features some of the most important matches in the company's history. This new book looks at every single show in the series and includes detailed history and analysis of each show, broken down match by match and segment by segment. The book runs about 320 pages on a Kindle or about 170 single spaced pages in Word.

The book is available from Amazon for just and can be picked up in any country that has Amazon.

It can be found at the American Amazon [here](#).

At the UK Amazon [here](#).

And at the Canadian Amazon [here](#).

If you're in another country and would like to pick it up, just search "KB's In Your House" and it should be the first thing that pops up.

If you don't have a Kindle or E-Reader, there are 100% free apps that can be downloaded from Amazon, found [here](#). Please check it out and I hope you enjoy it.

# Free Matt Morgan Interview

No I didn't conduct it, but I work with people that did. Over at another site I work for, we have an exclusive hour long sitdown interview with Matt Morgan for free. All you have to do is sign up for our newsletter (free) which means you'll be sent breaking news updates and maybe one e-mail a week (possibly with something written by me in it). The guy that conducts the interview is a friend of mine and good at what he does so the interview is well worth checking out. Also make sure you check [wrestlingrumors.net](http://wrestlingrumors.net) at least 857 times a day. They're fast, good, well done and smart. Not to mention I have at least five reviews up there a week so you know you'll get something good.

Check us out and catch the interview which is completely free.

## Site Maintenance On Wednesday

The hosting company sent me an e-mail saying the site will be down for about thirty minutes on Wednesday. This shouldn't be

anything complicated and things should be back up soon. If you try to access it and can't, everything is fine and I knew about it in advance. Check back in about half an hour and it should be running.

## **Something I've Wanted To Say For Over 20 Years**

I'm going to Wrestlemania. Booked the hotel room today, non-refundable. Buying the ticket the day it goes on sale, along with a ticket to Axxess. I might take in the Raw the night after the show as well but I'm not sure.

I'm thrilled and I can't thank you all enough for supporting me as you have. You're the reason I can make this trip. Thank you all so much.

# New E-Book: KB's Complete Monday Nitro Reviews Volume I

Yes I've done it again, this time with the first in a series Monday Nitro reviews. Volume I covers everything from the first episode through the end of 1996, which includes a lot of awesome moments and matches. These shows feature a long series of Eddie Guerrero vs. Chris Benoit matches, a bunch of world title matches and changes, the New Japan invasion, the debut of Chris Jericho, the Alliance to End Hulkamania, the reformation of the Four Horsemen, and of course the rise of the NWO in their dominance of WCW.

This was one of the most important times in wrestling history as the way wrestling was presented on television was changed forever. The days of an hour of squash matches a week were gone and the flagship show was now on Monday nights. The Monday Night Wars were underway and this show rocked Monday Night Raw to its core. These shows still hold up today and are well worth checking out.

The book is available from Amazon for just \$4 and can be found in America [here](#)

In the UK [here](#)

And in Canada [here](#)

If you live in another country and have an Amazon specific to said country, just search KB's Nitro and it should be the only

result that pops up.

If you don't have a Kindle, there are completely free apps you can download to any device imaginable which can be found from Amazon [here](#).

Please check it out and I hope you enjoy it.

## **Win Free ROH Death Before Dishonor XI Tickets!**

Some friends of the site are running a giveaway for two tickets to ROH's big show this coming Friday night. This would be the show featuring the semi-finals and finals of the ROH World Title Tournament, meaning if you go to this show you will see a new world champion crowned.

Here's what you have to do:

Listen to a few guys who know what they're talking about talk wrestling and sports for a few hours. The giveaway is being done by the Mouth of the South Shore radio show which airs Wednesday night at 9:30 PM EST on Blogtalkradio.com (internet

radio). It's a show I've been on before and the guys know their stuff so it won't be boring to sit through. Here's the link:

<http://www.blogtalkradio.com/fanvsfannetwork/2013/09/19/mouth-of-the-south-shore-radio-show>

Check it out and try to get those tickets if you can go.

## **E-Book Feedback Wanted**

This is something I just don't get, though I'm not complaining about it. I've been looking at my e-book sales (thank you all for buying any of them you have) and something is clear: the History of Starrcade is blowing everything else away in terms of popularity. Last month, when the prices were all equal, it sold more than the other three combined. Is it something about Starrcade or is it WCW or is it something else? Should I do more WCW shows?

Also in general what do you want me to cover in the future books?

Any answers are greatly appreciated
