

# EOTY Awards – Title Reign Of The Year

Title reigns have been longer lately, so maybe there are better options here. I'm going to take Miz as WWE Champion. In short, he beat John Cena in the main event of Wrestlemania.

That

Does

Not

Happen.

Literally, that's the first time he's ever lost in the main event of Mania. He lost in a triple threat at Mania 24 but Miz beat Cena in a one on one match at Mania. That's the only time it's ever happened and it's hard to top that. Also, it was the longest reign with that title in like 3 years. Not bad at all.
